NEW YORK TIMES BESTSELLER • A FOOD52 BEST COOKBOOK

OF THE YEAR • Join Brad Leone, star of Bon Appétit's hit YouTube series It's Alive, for a year of cooking adventures, tall tales, and fun with fire and fermentation in more than 80 ingenious recipes Come along with Brad Leone as he explores forests, fields, rivers, and the ocean in the hunt for great food and good times. These pages are Brad's field notes from a year of adventures in the Northeast, getting out into nature to discover its bounty, and capturing memorable ideas for making delicious magic at home anytime. He taps maple trees to make syrup, and shows how to use it in surprising ways. He forages for ramps and mushrooms, and preserves their flavors for seasons to

come. He celebrates the glory of tomatoes along with undersung fruits of the sea like squid and seaweed. Inspiration comes from hikes into the woods, trips to the dock, and cooking poolside in the dead of summer. And every dish has a signature Brad Leone approach—whether that's in Sous Vide Mountain Ribs or Spicy Smoked Tomato Chicken, Sumac Lemonade or Fermented Bloody Marys, Cold Root Salad, Marinated Beans, or just a few shakes of a Chile Hot Sauce that's dead simple to make. This is a book about experimentation, adventure, fermentation, fire, and having fun while you're cooking. And hey, you might just learn a thing or two. Let's get going!

From simple maintenance to troubleshooting and complete engine rebuilds, it's easy with Haynes.

Federal Register McFarland

Offering a behind-the-scenes look into the world of automotive research and development in the 1960s, this engaging narrative traces the birth of Chrysler's alternative "jet" car and reveals the story behind its sudden and mysterious demise. Relying on extensive research and firsthand accounts from surviving members of the turbine car

program—including the metallurgist who created the exotic metals for the engine and the test driver who drove it at Chrysler's proving grounds—this chronicle documents the bold development of an automobile with a jet turbine engine. In addition to running well on virtually any flammable liquid—including kerosene, vodka, heating oil, and Chanel N°5 perfume—the pioneering engines had one fifth the number of moving parts and required less maintenance than conventional engines. Despite the fleet's amazing performance over millions of miles by test drivers, Chrysler pulled the plug on the project and crushed almost all of the cars. The reasons behind the surprising end to the jet car fleet are finally explained here.

Canada's automotive "Dr. Phil" says there's never been a better time to buy a new car or truck. For deals on wheels, 2013 will be a "perfect storm." There's never been a better time to buy a new car or truck, thanks to a stronger Canadian dollar, a worldwide recession driving prices downward, and a more competitive Japanese auto industry that's still reeling from a series of natural disasters. In addition to lower prices and more choices, 2013

car buyers will see more generous cash rebates, low financing rates, bargain leases, and free auto maintenance programs. Buy, sell, or hold? Which cars and trucks are "wallet-friendly" and can easily last 15 years? Which vehicles offer the most features to best accommodate senior drivers? Do ethanol and hybrid fuel-saving claims have more in common with Harry Potter than the Society of Automotive Engineers? Is GM's 2013 Volt electric car destined to become an electric Edsel? These questions and more are answered in this informative guide.

Fuel Economy Guide Prima Lifestyles

Demonstrates the features of StarOffice's component programs--StarWriter, StarCalc, StarBase, StarImpress, StarSchedule, StarDraw, and StarImage--and explains how to create databases, manage files, and prepare documents for the Web.

Dodge Caravan, Plymouth Voyager & Chrysler Town & Country Automotive Repair Manual

Automobile Heritage Publishing & Co

The Red River Campaign in the spring of 1864 was one of the most destructive of the Civil War. The agricultural wealth of the Red River Valley tempted Union General Nathaniel P. Banks to invade with 30,000 troops in an attempt to seize control of the river and confiscate as much cotton as possible from local plantations. After three months of chaos, during which the countryside was

destroyed and many slaves freed themselves, Banks was defeated by a smaller Confederate force under General Richard Taylor. This book takes a fresh look at the fierce battles at Mansfield and Pleasant Hill, the Union army's escape from Monett's Ferry and the burning of Alexandria, and explains the causes and consequences of the war in Central Louisiana.
