ICD-10-PCS Standard Edition DRAFT - E-Book World Health Organization

Featuring a four-color presentation and student-centered approach, this medical coding book references ICD-10-CM/ICD-10-PCS codes and offers a new approach to teaching this skill. ICD-10-CM/PCS CODING: A ROAD MAP is flexible in organization—appropriate for traditional, modular, linear, and wheel courses—and progressive in its numerous exercises of varying levels. Chapters are constructed around three basic coding skills (abstracting, assigning, and sequencing codes) so students get a strong foundation in these essential competencies. Guided examples teach the coding process, while mini-medical records help students learn how to identify and abstract pertinent information from medical documentation.

This book is open access under a CC BY 4.0 license. This textbook,

endorsed by the European Society for Blood and Marrow Transplantation (EBMT), provides adult and paediatric nurses with a full and informative guide covering all aspects of transplant nursing, from basic principles to advanced concepts. It takes the reader on a journey through the history of transplant nursing, including essential and progressive elements to help nurses improve their knowledge and benefit the patient experience, as well as a comprehensive introduction to research and auditing methods. This new volume specifically intended for nurses, complements the ESH-EBMT reference title, a popular educational resource originally developed in 2003 for physicians to accompany an annual training course also serving as an educational tool in its own right. This title is designed to develop the knowledge of nurses in transplantation. It is the first book of its kind specifically targeted at nurses in this specialist field and acknowledges the valuable contribution that nursing makes in this area. This volume presents information that is essential for the education of nurses new to transplantation, while also offering a valuable resource for more experienced nurses who wish to update their knowledge.
