The Car Book, 1998 Edmunds Publications
The author went undercover for three months
during the first part of 2003, observing,
investigating and collecting information on the
automobile industry. The author was an actual
salesman for a multi-franchise new car
dealership. The information contained herein is
the actual experiences of this former federal
marshal. Citing federal codifications in Title
15 and Title 18 of the United States Code, and

Fair Credit Laws imposed by the United States Government, the information contained is not hearsay, conjecture, or secondary information, but actual observation and direct testimony. You will read about the Monroney Act, the federal law making car manufacturers put on "Sticker Price" labels, so you, the buyer, know what you are getting. This sets the stage for all new car sales. Now we need to get legislation to get this type of sticker on all used cars.

Consumer Reports Used Car Buying Guide

Buying a used car is a huge decision, and you will probably need to live with that decision for several years. Fortunately, your friendly, helpful Uncle Wally is here to guide you through the process! Buying a Used Car - Uncle Wally's Guide, is your complete handbook for the used-car buying process. Written by a car shopper with 40 years of experience, and packed with over 175 pages of useful information, this book will help you find affordable, reliable transportation. Part textbook, part buying guide, and part "red-flag detector," Buying a Used Car moves you to the head of the car-buying class. Here's what you'll learn. Chapter 1 - Big Ideas provides ten important car-buying concepts to help you get mentally ready for success. In Chapter 2 - Setting the Target, you'll narrow your shopping experience to help you get the car you want and need. Chapter 3 - Paying for Your Used Car explains credit scores, financing options, and payment structures. You'll learn how to determine your monthly payment before you go shopping. In Chapter 4 - Visiting a Car Lot, your Uncle Wally will tell you what to expect when you start looking at cars. Chapter 5 - Selecting a Used-Car Dealer guides you through this critical choice. Chapter 6 - Let's Go Shopping gives you the skills to make you a confident car shopper! In Chapter 7 - Selecting Your Car, you'll narrow down the choices and select the car that fulfills your needs and your wants. Most car shoppers take a test drive. Do you know how to use four of your senses - hearing,

sight, touch, and smell - to eliminate a "problem car?" Uncle Wally walks you through this critical step in Chapter 8 - Taking the Test Drive. You will learn how to determine a car's history and its current condition in Chapter 9 - Exploring a Car's Past and Present. Chapter 10 - Arriving at a Price helps you make the best deal on your used-car purchase. Chapter 11 - The Business Office teaches you the language and techniques used after the sale that can inflate your car payment. This chapter alone is worth the price of the book! A car is stolen. A tree falls on another car. A driver gets in an accident with someone who doesn't have insurance. Quick - are you covered? Chapter 12- Car Insurance explains the types of coverage you need, and the best way to buy it. Chapter 13 - After the Purchase helps you take care of your new investment. From the author So, you're ready to buy a used car? Or at least you're thinking about it. Well, I'm your Uncle Wally, and I'm here to help. I've bought over a dozen cars over the last 40 years. Most people decide to buy a car, walk onto a car lot, and leave a few hours later with a huge debt and a vehicle that may or may not suit their needs. In Buying a Used Car - Uncle Wally's Guide, you'll walk a different path. Your car expenses - payments, maintenance, and insurance - will likely represent a significant monthly commitment. Buying a car is a major purchase for most of us, and we don't need to make a mistake. If we buy a bad meal, we just don't go back to the restaurant. If our vacation choice isn't fulfilling, we can make different plans next year. But when we buy a car, we're committing to a longer time frame. Because cars depreciate in value, mistakes can be expensive. Returning a car after two months because it doesn't fit your needs can result in a real financial blow. I wish I could be there to help you in person. Because I can't, I decided to write this book. Drive safely, and be well, my friends. New Car Buying Guide, 1997

With the average new car costing \$25,000, more people than ever are buying used and banking the difference. This book, written by the author of "The Car Buyer's Art", is packed with secrets to guide readers through the entire car-buying maze, teaching them how to negotiate effectively by matching each sales tactic with a countermove. 50 line drawings. 20 tables.

What Car Dealers Won't Tell You

New Car Buying Guide Helps Consumers Get Insider Tips On How To Buy A Car For Less!'How do you buy a car?' is a common question that most people have no idea on the best way to answer. Knowing how to buy a used car or even a new one for that matter, can mean the difference between going home happy or leaving the dealership with empty pockets. Generally the second biggest purchase in a persons' life is buying a car. It can also turn out to be one of the most expensive mistakes you could ever make. Most people that are in the market to buy a new car struggle with the idea of dealing with dealers and salespeople. In fact, the average car buyer pays about 20% more than they need to when you factor in financing mistakes, undervalued tradeins, and inflated sticker prices. Because most people only buy a car every few years, it is difficult for them to gain the experience needed to avoid all of the traps that are out there. They have countless questions to which they must know the answers before they go. Questions such as, should you reveal your monthly payment amount? Leasing it sounds good, but is it really a good deal? Should I trade or sell it myself? Will it help to buy from a friend in the business? A new independent car buying guide entitled The Car Buying Guide - How to Buy a Car Without Getting SCREWED OVER! has just been released to help consumers navigate the complex process of buying a car. Author Greg Mason has put together an extensive collection of tips on buying a car and resources to educate car buyers about the numerous profit streams car dealers use to exploit their customers. Each chapter of The Car Buying Guide covers a different angle of the buying process. Mason not only educates his readers on the ways banks and car dealerships profit from selling cars, but he also provides the best ways to avoid paying too much on financing, dealer fees, and of course the price of the car itself. The Car Buying Guide is different from all other car buying books in that it has a "little something" that most others don't. That little something is the information you need to get to a rock bottom price on the car of your dreams with the least amount of effort in the shortest time possible. Furthermore, The Car Buying Guide is written strictly and uniquely from the buyers' perspective, which puts the consumer in the driver's seat.
