ORIGINAL DESCRIPTION (1958): “ ... One of the most important factors in selecting or evaluating any sports car is a knowledge of its history and development. More than perhaps any other car, the Porsche is the creation of one man — Ferdinand Porsche. Here is the fascinating story of his life-long dedication to producing the finest sports machine that design and engineering could engender. But, of course, the Guide is so much more than a history. The various models are fully discussed, and there are detailed chapters on tuning and on accessories that give added performance—such items as volumetric efficiency, valve lash, the HL (high-performance engine), supercharging, improving the spark, camshafts, wire wheels, brake and clutch facings ...”
