The Ford Boss Mustang is the most iconic pony car ever created, and this book covers it more extensively than any other. *Boss Mustang: 50 Years*—a fully expanded version of *Mustang Boss 302*—includes the complete history of its creation; racing and street histories of both the 302 and 429 models; and photos and interviews with Boss Mustang designers, engineers, racers, and more. Of all the legendary names in the history of the Ford Mustang, one stands apart: Boss. Originally created to homologate the new Boss 302 engine and option package for SCCA Trans-Am racing, the Mustang Boss 302 debuted for the 1969 model year and was built in limited numbers for the street through 1970. This book features never-before-seen production and racing photography, interviews with designers and engineers, and keen insight from author Donald Farr, a renowned Ford historian and Ford hall-of-fame inductee. Designed by the legendary Larry Shinoda, the Boss cars were easily distinguished from their less potent stablemates by their race-bred powerplant, standard front spoiler, and bold graphics. In 2012, Ford at long last revived this most revered of all Mustang models. With a new racing counterpart and a modern street version that delivers more than 440 horsepower, the Boss was truly back! In 2013, Ford rolled out the Boss one more time. In *Boss Mustang: 50 Years*, Mustang historian Donald Farr offers a complete history of the car—from its late 1960s origins in Ford's boardrooms through its Trans-Am successes and untimely demise in 1970, up to the conception and development of the spectacular, limited-edition 2012 and 2013 Boss Mustangs. Packed with brilliant photography and firsthand accounts from the people who created the original Boss, as well as the team that resurrected Ford's most iconic Mustang for the 21st century, this is the story every Mustang enthusiast has been waiting to read.

An exploration of spirituality, values, and sustainability in business When Jochen Zeitz and Anselm Grün first met onstage as "the manager and the monk," Zeitz was CEO and Chairman of Puma, and Father Grün was a monk serving as cellarer, the business manager of his Benedictine abbey. They came together to discuss their shared goal: what it means to lead and manage responsibly and sustainably in today's shifting world. Together, Zeitz and Grün explore their intersecting definitions of prosperity, values, sustainability, among a host of other topics. Jochen Zeitz was CEO of Puma for 18 years and is founder, with Sir Richard Branson, of the B Team, a global initiative aimed at transforming the future of business. Anselm Grün is cellarer (business manager) of Müsterschwarzach Abbey in Germany, overseeing a staff of 300 in crafts such as beekeeping and brewing; and an internationally best-selling author of more than 300 books available in 35 languages. Riding motorcycles is fun, but author Ken Condon maintains that there is a state of consciousness to be achieved beyond the simple pleasure of riding down the road. *Riding in the Zone* helps riders find that state of being. It's the experience of being physically and mentally present in the moment, where every sense is sharply attuned to the ride. Your mind becomes silent to the chatter of daily life, and everyday problems seem to dissolve. You feel a deeper appreciation for life. Your body responds to this state of being with precise, fluid movements, you feel in balance, your muscles are relaxed, and it seems as though every input you make is an expression of mastery. This is "the Zone." Condon identifies all of the factors that affect entering the Zone and addresses each one individually, from the development of awareness and mental skills to

mastering physical control of the motorcycle. At the end of each chapter are drills designed to transform the book's ideas into solid, practical riding skills. *Riding in the Zone* takes riders to the next level in their skill set. *Boss Mustang* IntraWEB, LLC and Claitor's Law Publishing
