Throughout the world, teaching is looked at as one of the most respected and noble profession a person could have. A great teacher not only shows the right path that a student should follow but also prepares the human resources for the further development of the nation. Among various exams CTET is the most popular teaching exam in the country. Central Teaching Eligibility Test (CTET) is a national level test conducted by CBSE twice a year to recruit the eligible candidates as teacher. The exam is conducted into 2 papers: Paper 1 for class 1-5 and Paper 2 for class 6-8. Any candidate who is interested to become a teacher for classes 6 to 8 then they have to appear for both the papers. The new the edition of Study Guide 'Success Master CTET Mathematics and Science Paper - II' has been prepared completely on the latest exam pattern. The book has been divided into 5 key sections and further divided into chapters providing the focused study material. After covering theoretical part this book also concentrates on the practice part, it provides Previous Years' Solved Paper, 2 practice sets and more than 3000 MCQs for thorough practice. Ample numbers of questions have been given which are covered in a Chapterwise manner that allows candidates to understand the trend of the questions as well as the exam. This book will prove to be highly useful for the CTET Paper 2 exam as it will help in achieving the good rank in the exam. TABLE OF CONTENT Solved Paper 2019 (December), Solved Paper 2019 (July), Solved Paper 2018 (December), Solved Paper 2016 (September), Child Development and Pedagogy, English Language and Pedagogy, Hindi Bhasha evm Shiksha Shastra, Mathematics and Pedagogy, Science and Pedagogy, Practice Sets (1-2).

Gallipoli: the mere name summons the story of this well-known campaign of the First World War. And the story of Gallipoli, where in August 1915 the Allied forces made their last valiant effort against the Turks, is one of infamous might-have-beens. If only the Allies had held out a little longer, pushed a little harder, had better luck—Gallipoli might have been the decisive triumph that knocked the Ottoman Empire out of the First World War. But the story is just that, author Rhys Crawley tells us: a story. Not only was the outcome at Gallipoli not close, but the operation was flawed from the start, and an inevitable failure. A painstaking effort to set the historical record straight, Climax at Gallipoli examines the performance of the Allies' Mediterranean Expeditionary Force from the beginning of the Gallipoli Campaign to the bitter end. Crawley reminds us that in 1915, the second year of the war, the Allies were still trying to adapt to a new form of warfare, with static defense replacing the maneuver and offensive strategies of earlier British doctrine. In the attempt both the MEF at Gallipoli and the British Expeditionary Force on the Western Front aimed for too much—and both failed. To explain why, Crawley focuses on the operational level of war in the campaign, scrutinizing planning, command, mobility, fire support, interservice cooperation, and logistics. His work draws on unprecedented research into the files of military organizations across the United Kingdom and Australia. The result is a view of the Gallipoli Campaign unique in its detail and scope, as well as in its conclusions—a book that looks past myth and distortion to the facts, and the truth, of what happened at this critical juncture in twentieth-century history.
