10 Practice Tests for the SAT, 2020 Edition Test Prep Books
The objective of the Common Sense SAT Workbook is simple: To help as many students as possible improve their SAT scores (Reading, Writing, Math) as much as possible. To achieve this end, the following means are provided: For each subject, a concise synopsis of test-taking techniques to help answer more questions correctly; for Reading, a basic study of Latin prefixes, roots and suffixes to improve vocabulary; for Writing, a complete English primer to learn or review the rules of grammar; and for Math, also a complete primer to learn or review all the skills and operations required for the test. For Writing and Math, each rule, skill or operation is defined, exemplified, proceeded by a set of ten related problems, then cross-referenced against the ten tests within the Official SAT Study Guide(TM) Second Edition, the only available source for real SAT's. Summarily, if a student makes an effort as well as learns from his or her mistakes -- a cornerstone to any good education -- then his or her SAT scores will naturally and significantly increase.

This SAT Study Guide is the culmination of an obsessive study of the SAT - The SAT Genome Project . This study involved the analysis of thousands of real SAT questions to identify every single concept, technique, and strategy you need to excel on the SAT. Specifix Prep used this information to create a two-part Comprehensive Skills Assessment (available separately) that determines your exact areas of weakness and creates a personalized syllabus for you based on your performance. When used with the Comprehensive Skills Assessment, you will receive a completely personalized study plan and access to online video lessons and exercises designed to enhance your understanding of the material. The result is a program that is better and more efficient than studying on your own. You also receive the customized instruction that you can typically only get with an expensive private tutor. This manual contains over 125 individual modular lessons that cover everything a student will need to know and do on the Math, Reading, and new Writing section of the SAT. You will receive targeted content designed to address your weaknesses and improve your score. We find your specific issues and fix them. Specifix.
