pseudohistorical truthful and History of the Kings of Britain (written in about 1136). The play tells the tale of the aged King Lear who is passing on the control of his kingdom to his three daughters. He asks each of them to express their love for him, and the first two, Goneril and Regan do so effusively, saying they love him above all things. But his youngest daughter, Cordelia, is compelled to be

says that she must reserve some love for her future husband. Lear, enraged, cuts her off without any inheritance. The secondary plot deals with the machinations of Edmund, the bastard son of the Earl of Gloucester, who manages to convince his father that his legitimate son Edgar is plotting against him. After Lear steps down from power, he finds that his

elder daughters have no real respect or love for him, and treat him and his followers as a nuisance. They allow the raging Lear to wander out into a storm, hoping to be rid of him, and conspire with Edmund to overthrow the Earl of Gloucester. The play is a moving study of the perils of old age and the true meaning of filial love. It ends tragically with the deaths of both Cordelia and

Lear—so tragically, in fact, that performances during the Restoration period sometimes substituted a happy ending. In modern times, though, King Lear is performed as written and generally regarded as one of Shakespeare's best plays. This Standard Ebooks edition is based on William George Clark and William Aldis Wright's 1887 Victoria edition,

which is taken from the Globe edition. This book is part of the Standard Ebooks project, which produces free public domain ebooks. **1606** Simon and Schuster A portrait of Elizabethan England and how it contributed to the making of William Shakespeare discusses how he moved to London lacking money, connections, and a formal education; started a family; attempted to forge his career in the competitive theater world; grappled with dangerous religious and

political forces; and rose to become his age's foremost playwright. 100,000 first printing. W. W. Norton & Company  
A student edition of Marston's classic play The Malcontent is a tragicomedy deriving from the tradition of the revenge play. The verbal ingenuity of Malevole, the "malcontent", and the extravagance of the drama, push the relevance of its logical conclusion, exposing the basically comic aspect of the genre. The function of the climactic masque is inverted, leading to the essential resolution of the comedy. This edition comes with full commentary and notes, together with photos of Jonathan Miller's acclaimed 1973 production at the Nottingham Playhouse.

**Abrams**  
For much of the twentieth century, textual criticism of Renaissance drama concentrated upon the scribes and composers who may have been responsible for changing the author's spelling, punctuation, and (occasionally) individual words. Shakespeare Reshaped instead focuses upon agents and institutions which affected play texts much more dramatically: legislated expurgation.

---

theatrical innovation, and posthumous adaptation. Expurgation transformed the linguistic texture of such works as King John and The Merry Wives of Windsor. The insertion of musical intervals between the acts retrospectively transformed the structure of plays as different as A Midsummer Night's Dream and King Lear. And another playwright (probably Thomas Middleton) transformed Measure for

Measure by expanding and adapting Shakespeare's original. Together, these studies produce a new model of the transformation of Renaissance plays by a collective industry of the imagination. *A Native American Expression of the Jesus Way* Charlesbridge Publishing An illuminating and enthralling biography of trailblazing 19th-century queer actress Charlotte Cushman reveals the force and vitality of this woman on and off

### **King Lear**

InterVarsity Press  
The Winter's Tale is one of Shakespeare's "late plays." It tells the story of a king whose jealousy results in the banishment of his baby daughter and the death of his beautiful wife. His daughter is found and brought up by a shepherd on the Bohemian coast, but through a series of extraordinary events, father and daughter, and eventually mother too, are reunited. In *The Gap of Time*, Jeanette Winterson's cover version of *The*

*Winter's Tale*, we move from London, a city reeling after the 2008 financial crisis, to a storm-ravaged American city called New Bohemia. Her story is one of childhood friendship, money, status, technology and the elliptical nature of time. Written with energy and wit, this is a story of the consuming power of jealousy on the one hand, and redemption and the enduring love of a lost child on the other.

Simon and Schuster  
Relates one of the most remarkable lives in the tumultuous English Reformation  
Thomas Cranmer (1489–1556) was

Archbishop of Canterbury, the author of the Book of Common Prayer, and a central figure in the English Protestant Reformation. Few theologians have led such an eventful life: Cranmer helped Henry VIII break with the pope, pressed his vision of the Reformation through the reign of Edward VI, was forced to recant under Queen Mary, and then dramatically withdrew his recantations before being burned alive. This lively biography by Leslie Williams

narrates Cranmer's life from the beginning, through his education and history with the monarchy, to his ecclesiastical trials and eventual martyrdom. Williams portrays Cranmer's ongoing struggle to reconcile his two central loyalties—allegiance to the crown and fidelity to the Reformation faith—as she tells his fascinating life story.

**Shakespeare in London** Library of America  
"Shapiro shows how the tumultuous events in England in 1606 affected Shakespeare and influenced three

---

of his greatest tragedies written that year: King Lear, Macbeth, and Antony and Cleopatra"--

**What His Plays Tell Us About Our Past and Future** Simon and Schuster

What accounts for Shakespeare's transformation from talented poet and playwright to one of the greatest writers who ever lived? In this gripping account, James Shapiro sets out to answer this question, "succeed[ing] where others

have fallen short." (Boston Globe) 1599 was an epochal year for Shakespeare and England. During that year, Shakespeare wrote four of his most famous plays: Henry the Fifth, Julius Caesar, As You Like It, and, most remarkably, Hamlet; Elizabethans sent off an army to crush an Irish rebellion, weathered an Armada threat from Spain, gambled on a fledgling East India Company, and waited to see who would

succeed their aging and childless queen. James Shapiro illuminates both Shakespeare's staggering achievement and what Elizabethans experienced in the course of 1599, bringing together the news and the intrigue of the times with a wonderful evocation of how Shakespeare worked as an actor, businessman, and playwright. The result is an exceptionally immediate and gripping account

First published in 1996, James Shapiro's pathbreaking analysis of the portrayal of Jews in Elizabethan England challenged readers to recognize the significance of Jewish questions in Shakespeare's day. From accounts of Christians masquerading as Jews to fantasies of settling foreign Jews in Ireland, Shapiro's work delves deeply into the cultural insecurities of Elizabethans while illuminating Shakespeare's

---

portrayal of  
Shylock in The  
Merchant of  
Venice. In a new  
preface, Shapiro  
reflects upon  
what he has  
learned about  
intolerance since  
the first  
publication of  
Shakespeare  
and the Jews.
