Theodore Roosevelt, the Rough Riders, and the Dawn of the American Century Rutgers University Press

From Alexander von Humboldt to Charles and Anne Lindbergh, these are stories of people of great vision and daring whose achievements continue to inspire us today, brilliantly told by master historian David McCullough. The bestselling author of Truman and John Adams, David McCullough has written profiles of

exceptional men and women past and present who have not only shaped the course of history or changed how we see the world but whose stories express much that is timeless about the human condition. Here are Alexander von Humboldt, whose epic explorations of South America surpassed the Lewis and Clark expedition; Harriet Beecher Stowe, “the little woman who made the big war”; Frederic Remington; the extraordinary Louis Agassiz of Harvard; Charles and Anne Lindbergh, and their fellow long-distance pilots Antoine de Saint-Exupéry and Beryl Markham; Harry Caudill, the Kentucky lawyer who awakened the nation to the tragedy of Appalachia; and David Plowden, a present-day photographer of vanishing America. Different as they are from each other, McCullough’s subjects have in

common a rare vitality and sense of purpose. These are brave companions: to each other, to David McCullough, and to the reader, for with rare storytelling ability McCullough brings us into the times they knew and their very uncommon lives.

The American Revolution Simon & Schuster

Joseph Plumb Martin (1760 – 1850) was a soldier in the Continental Army and Connecticut Militia during the American Revolutionary War, holding the rank of private for most of the war. His published narrative of his experiences has become a valuable resource for historians in understanding

the conditions of a common soldier of that era, as well as the battles in which Martin participated. "My intention is to give a succinct account of some of my adventures, dangers and sufferings during my several campaigns in the revolutionary army." Contents: Campaign of 1776. Campaign of 1777. Campaign of 1778. Campaign of 1779. Campaign of 1780. Campaign of 1781. Campaign of 1782. Campaign of 1783.

George Washington's War Thunder's Mouth Press
Chronicles the life of America's second president, including his youth, his career as a Massachusetts farmer and lawyer, his marriage to Abigail, his rivalry with Thomas Jefferson, and his influence on the birth of the United States.

A History of the Indians of the United States Simon and Schuster

In 1776 the American Revolution against British rule shook the world - and the United States was born. David McCullough depicts the events of that fateful year with breathtaking imagination and flare, from the British decision to crush the Americans to the bitter setbacks and astonishing advances made by the patriot army. Whether King George III and George Washington or ordinary soldiers and their families,

McCullough recreates a cast of amazing characters on both sides, destroys myths and uses eyewitness reports to brilliant effect, making 1776 the most compelling account of this seismic conflict.

Seventeen Seventy-six Simon and Schuster

David McCullough: The Presidential Biographies Simon and Schuster

In 1906 when the Creek Indian Chitto Harjo was protesting the United States government's liquidation of his tribe's lands, he began his argument with an account of Indian history from the time of Columbus, "for, of course, a thing has to have a root before it can grow." Yet even today most intelligent non-Indian Americans have little knowledge of Indian history and affairs those lessons have not taken root. This book is an in-depth historical survey of the Indians of the United States, including the Eskimos and Aleuts of Alaska, which isolates and analyzes the problems which have beset these people since their first

contacts with Europeans. Only in the light of this knowledge, the author points out, can an intelligent Indian policy be formulated. In the book are described the first meetings of Indians with explorers, the dispossession of the Indians by colonial expansion, their involvement in imperial rivalries, their beginning relations with the new American republic, and the ensuing century of war and encroachment. The most recent aspects of government Indian policy are also detailed the good and bad administrative practices and measures to which the Indians have been subjected and their present situation. Miss Debo's style is objective, and throughout the book the distinct social environment of the Indians is emphasized—an environment that is foreign to the experience of most white men. Through ignorance of that culture and life style the results of non-Indian policy toward Indians have been centuries of blundering and

tragedy. In response to Indian history, an enlightened policy must be formulated: protection of Indian land, vocational and educational training, voluntary relocation, encouragement of tribal organization, recognition of Indians' social groupings, and reliance on Indians' abilities to direct their own lives. The result of this new policy would be a chance for Indians to live now, whether on their own land or as adjusted members of white society. Indian history is usually highly specialized and is never recorded in books of general history. This book unifies the many specialized volumes which have been written about their history and culture. It has been written not only for persons who work with Indians or for students of Indian culture, but for all Americans of good will.

Study Guide: 1776 by David McCullough (SuperSummary) Simon and Schuster
The Pulitzer Prize – winning biography of Harry S. Truman, whose presidency included momentous events from the atomic bombing of Japan to the outbreak

of the Cold War and the Korean War, told by America's beloved and distinguished historian. The life of Harry S. Truman is one of the greatest of American stories, filled with vivid characters—Roosevelt, Churchill, Stalin, Eleanor Roosevelt, Bess Wallace Truman, George Marshall, Joe McCarthy, and Dean Acheson—and dramatic events. In this riveting biography, acclaimed historian David McCullough not only captures the man—a more complex, informed, and determined man than ever before imagined—but also the turbulent times in which he rose, boldly, to meet unprecedented challenges. The last president to serve as a living link between the nineteenth and the twentieth centuries, Truman's story spans the raw world of the Missouri frontier, World War I, the powerful Pendergast machine of Kansas City, the legendary Whistle-Stop Campaign of 1948, and the decisions to drop the atomic bomb, confront Stalin at Potsdam, send troops to Korea, and fire General MacArthur. Drawing on newly discovered archival material and extensive interviews with Truman's own family, friends, and Washington colleagues, McCullough tells the deeply moving story of the seemingly ordinary "man from Missouri" who was perhaps the most courageous president in our history.

The Minutemen and Their World Simon and Schuster

David McCullough's book 1776 covers just that, the most important year of the revolutionary war. Even though the war does not officially end until the Treaty of Paris is signed in 1783, the reader follows Washington and his men through losses and miserable retreats, as well as his big successes against Cornwallis and Rall. This study guide for David McCullough's "1776" includes detailed chapter summaries and analysis, analysis of major characters, themes/motifs/symbols, top 10 quotes, and discussion questions. SuperSummary publishes high quality plot summaries for contemporary works of literature. Our plot summaries are all written by current and former English professors with PhDs or Masters degrees in English Literature.

The Adventures of a Revolutionary Soldier University of Oklahoma Press

From New York Times bestselling author David McCullough, a special eBook boxed set features books

that study key points of American history. The David McCullough Great Moments in History e-book box set includes the following McCullough classics:

- 1776: The riveting story of George Washington, the men who marched with him, and their British foes in the momentous year of American independence.
- The Johnstown Flood: The classic history of an American tragedy that became a scandal in the age of the Robber Barons, the preventable flood that destroyed a town and killed 2,000 people.
- Path Between the Seas: The epic National Book Award-winning history of the heroic successes, tragic failures, and astonishing engineering and medical feats that made the Panama Canal possible.
- The Great Bridge: The remarkable, enthralling story of the planning and construction of the Brooklyn Bridge, which linked two great cities and epitomized American optimism, skill, and determination.
- Special Bonus:

The Course of Human Events: In this Jefferson Lecture in the Humanities, David McCullough draws on his personal experience as a historian to acknowledge the crucial importance of writing in history 's enduring impact and influence, and he affirms the significance of history in teaching us about human nature through the ages.

The Great Bridge Simon and Schuster "Based on the bestselling trilogy by Marie Lu."

1776 Simon and Schuster The National Book Award – winning epic chronicle of the creation of the Panama Canal, a first-rate drama of the bold and brilliant engineering feat that was filled with both tragedy and triumph, told by master historian David McCullough. From the Pulitzer Prize – winning author of Truman, here is the national bestselling epic chronicle of the creation of the Panama Canal. In The Path Between the Seas, acclaimed historian David McCullough delivers a first-rate drama of the sweeping human undertaking

that led to the creation of this grand enterprise. The Path Between the Seas tells the story of the men and women who fought against all odds to fulfill the 400-year-old dream of constructing an aquatic passageway between the Atlantic and Pacific oceans. It is a story of astonishing engineering feats, tremendous medical accomplishments, political power plays, heroic successes, and tragic failures. Applying his remarkable gift for writing lucid, lively exposition, McCullough weaves the many strands of the momentous event into a comprehensive and captivating tale. Winner of the National Book Award for history, the Francis Parkman Prize, the Samuel Eliot Morison Award, and the Cornelius Ryan Award (for the best book of the year on international affairs), The Path Between the Seas is a must-read for anyone interested in American history, the history of technology, international intrigue, and human drama.

1776, The Johnstown Flood, Path Between the Seas, The Great Bridge, The Course of Human Events Penguin UK

#1 NEW YORK TIMES BESTSELLER Pulitzer Prize – winning historian David McCullough rediscovers an important and dramatic chapter in the American story—the settling of the Northwest Territory by dauntless pioneers who overcame incredible hardships to build a community based on ideals that would come to define our country. As part of the Treaty of Paris, in which Great Britain recognized the new United States of America, Britain ceded the land that comprised the immense Northwest Territory, a wilderness empire northwest of the Ohio River containing the future states of Ohio, Indiana, Illinois, Michigan, and Wisconsin. A Massachusetts minister named Manasseh Cutler was instrumental in opening this vast territory to veterans of the Revolutionary War and their families for settlement. Included in the Northwest Ordinance were three remarkable conditions:

freedom of religion, free universal education, and most importantly, the prohibition of slavery. In 1788 the first band of pioneers set out from New England for the Northwest Territory under the leadership of Revolutionary War veteran General Rufus Putnam. They settled in what is now Marietta on the banks of the Ohio River. McCullough tells the story through five major characters: Cutler and Putnam; Cutler’s son Ephraim; and two other men, one a carpenter turned architect, and the other a physician who became a prominent pioneer in American science. They and their families created a town in a primeval wilderness, while coping with such frontier realities as floods, fires, wolves and bears, no roads or bridges, no guarantees of any sort, all the while negotiating a contentious and sometimes hostile relationship with the native people. Like so many of McCullough’s subjects, they let no obstacle deter or defeat them. Drawn in great part

from a rare and all-but-unknown collection of diaries and letters by the key figures, *The Pioneers* is a uniquely American story of people whose ambition and courage led them to remarkable accomplishments. This is a revelatory and quintessentially American story, written with David McCullough’s signature narrative energy.

[David McCullough Great Moments in History E-book Box Set](#) Simon and Schuster

Draws on personal correspondence and period diaries to present a history of the American Revolution that includes the siege of Boston, the American defeat at Brooklyn, the retreat across New Jersey, and the American victory at Trenton. *The Wright Brothers* Simon and Schuster

NEW YORK TIMES BESTSELLER
“An elegant synthesis done by the leading scholar in the field, which nicely integrates the work on the American Revolution over the last

three decades but never loses contact with the older, classic questions that we have been arguing about for over two hundred years.” —Joseph J. Ellis, author of *Founding Brothers* A magnificent account of the revolution in arms and consciousness that gave birth to the American republic. When Abraham Lincoln sought to define the significance of the United States, he naturally looked back to the American Revolution. He knew that the Revolution not only had legally created the United States, but also had produced all of the great hopes and values of the American people. Our noblest ideals and aspirations-our commitments to freedom, constitutionalism, the well-being of ordinary people, and equality-came out of the Revolutionary era. Lincoln saw as well that the Revolution had convinced Americans that they were a special people with a special destiny to lead the world toward liberty. The Revolution, in short,

gave birth to whatever sense of nationhood and national purpose Americans have had. No doubt the story is a dramatic one: Thirteen insignificant colonies three thousand miles from the centers of Western civilization fought off British rule to become, in fewer than three decades, a huge, sprawling, rambunctious republic of nearly four million citizens. But the history of the American Revolution, like the history of the nation as a whole, ought not to be viewed simply as a story of right and wrong from which moral lessons are to be drawn. It is a complicated and at times ironic story that needs to be explained and understood, not blindly celebrated or condemned. How did this great revolution come about? What was its character? What were its consequences? These are the questions this short history seeks to answer. That it succeeds in such a profound and enthralling way is a tribute to Gordon Wood ’ s mastery of his

subject, and of the historian ’ s craft. *The Greater Journey* Yale University Press Discusses the events and circumstances that led up to the Challenger disaster of 1986, as well as the aftermath and cover-up by NASA and the White House. *The Day Is Ours!* ReadHowYouWant.com Traces the events of the Constitutional Convention of 1787 in a historical account that covers such topics as the fierce conflicts that influenced the writing of the Constitution, the issues that divided the states, and the contributions of key players. *The Pioneers* Hill and Wang Six months after the Declaration of Independence, the American Revolution was all but lost. A powerful British force had routed the Americans at New York, occupied three colonies, and advanced within sight of Philadelphia. Yet, as David Hackett Fischer recounts in this riveting history, George Washington--and

many other Americans--refused to let the Revolution die. On Christmas night, as a howling nor'easter struck the Delaware Valley, he led his men across the river and attacked the exhausted Hessian garrison at Trenton, killing or capturing nearly a thousand men. A second battle of Trenton followed within days. The Americans held off a counterattack by Lord Cornwallis's best troops, then were almost trapped by the British force. Under cover of night, Washington's men stole behind the enemy and struck them again, defeating a brigade at Princeton. The British were badly shaken. In twelve weeks of winter fighting, their army suffered severe damage, their hold on New Jersey was broken, and their strategy was ruined. Fischer's richly textured narrative reveals the crucial role of contingency in these events. We see how the campaign unfolded in a sequence of difficult choices by many actors, from generals to civilians, on both sides. While

British and German forces remained rigid and hierarchical, Americans evolved an open and flexible system that was fundamental to their success. The startling success of Washington and his compatriots not only saved the faltering American Revolution, but helped to give it new meaning.

Our Lives, Our Fortunes and Our Sacred Honor Oxford University Press

America's most acclaimed historian presents the intricate story of the year of the birth of the United States of America. 1776 tells two gripping stories: how a group of squabbling, disparate colonies became the United States, and how the British Empire tried to stop them. A story with a cast of amazing characters from George III to George Washington, to soldiers and their families, this exhilarating book is one of the great pieces of historical narrative.

The Illustrated Edition Sourcebooks, Inc.

The American Revolution was won not on the battlefields, but in the

mind of George Washington. A compulsively readable narrative and extensive history, George Washington's War illuminates how during the war's winter months the young general created a new model of leadership that became the model for the American presidency.

1776 Penguin Group(CA)

"In the course of human events there have always been those who deny or reject human freedom, but Americans will never falter in defending the fundamental truths of human liberty proclaimed on July 4, 1776. We will-we must-always hold these truths. The declared purpose of the President's Advisory 1776 Commission is to "enable a rising generation to understand the history and principles of the founding of the United States in 1776 and to strive to form a more perfect Union." This requires a restoration of American education, which can only be grounded on a history of those principles that is "accurate, honest, unifying, inspiring, and ennobling." And a rediscovery of our shared identity rooted in our founding principles is the path to a renewed American unity and a confident American future"--
