With the second installment  
in the Quarterly Highlights

quarter, and continues to publish important research, with submissions from across the globe - and readership from across the globe. In this quarter, we saw a number of different impact metrics become updated using recent data. The 2019 impact metrics reflect our competitive and respectable status in the field and amongst competitors. We find it very encouraging to see that our impact has remained high, and thank the entirety of the Editorial Board and Office for their contributions and hard work in doing so. Once again with a record-breaking number of papers to choose from, this Special Edition takes an interdisciplinary approach to highlight important recent findings across the different areas of cancer research. We have opted for a selection of

papers that we feel best demonstrates the interdisciplinary and international nature of the journal. We are pleased to announce that we have begun our work on launching a new section in the journal. The new section, which will be our 19th, will focus on dermatological malignancies and cancers of the skin. Given the importance and relevance of skin cancers in today ' s climate, we are very excited to be moving forward with this. The journal has been active and present at a number of conferences including the 1st International Lung Cancer Summit, the 15th International Conference on Malignant Lymphoma, and ESMO ' s World Congress on Gastrointestinal Cancers. The Editorial Office will also be present at the ESMO 2019 Congress in Barcelona next month (Booth P425) and look forward to meeting our readers and Editors there. Giuseppe Giaccone
