Its consequently certainly simple and appropriately fats, isnt it? You have to favor to in this sky

Economic Security: Neglected Dimension of National Security ? Krause Publications

Over the concluding decades of the twentieth century, the historic preservation community increasingly turned its attention to modern buildings, including bungalows from the 1930s, gas stations and diners from the 1940s, and office buildings and architectural homes from the 1950s. Conservation efforts, however, were often hampered by a lack of technical information about the products used in these structures, and to fill this gap Twentieth-Century Building Materials was developed by the U.S. Department of the Interior ' s National Park Service and first published in 1995. Now, this invaluable guide is being reissued—with a new preface by the book ' s original editor. With more than 250 illustrations, including a full-color photographic essay, the volume remains an indispensable reference on the history and conservation of modern building materials. Thirty-seven essays written by leading experts offer insights into the history, manufacturing processes, and uses of a wide range of materials, including glass block, aluminum, plywood, linoleum, and gypsum board. Readers will also learn about how these materials perform over time and discover valuable conservation and repair techniques. Bibliographies and sources for further research complete the volume. The book is intended for a wide range of conservation professionals including architects, engineers, conservators, and material scientists engaged in the conservation of modern buildings, as well as scholars in related disciplines.

My Extraordinary Ordinary Life University of Arkansas Press

In her delightful and moving memoir, Sissy Spacek writes about her idyllic, barefoot childhood in a small East Texas town, with the clarity and wisdom that comes from never losing sight of her roots. Descended from industrious Czech immigrants and threadbare southern gentility, she grew up a tomboy, tagging along with two older brothers and absorbing grace and grit from her remarkable parents, who taught her that she could do anything. She also learned fearlessness in the wake of a family tragedy, the grief propelling her "like rocket fuel" to follow her dreams of becoming a performer. With a keen sense of humor and a big-hearted voice, she describes how she arrived in New York City one star-struck summer as a seventeen-year-old carrying a suitcase and two guitars; and how she built a career that has spanned four decades with films such as *Carrie*, *Coal Miner's Daughter*, *3 Women*, and *The Help*. She details working with some of the great directors of our time, including Terrence Malick, Robert Altman, David Lynch, and Brian De Palma—who thought of her as a no-talent set decorator until he cast her as the lead in *Carrie*. She also reveals why, at the height of her fame, she and her family moved away from Los Angeles to a farm in rural Virginia. Whether she's describing the terrors and joys of raising two talented, independent daughters, taking readers behind the scenes on Oscar night, or meditating on the thrill of watching a pair of otters frolicking in her pond, Sissy Spacek's memoir is poignant and laugh-out-loud funny, plainspoken and utterly honest. *My Extraordinary Ordinary Life* is about what matters most: the exquisite worth of ordinary things, the simple pleasures of home and family, and the honest job

of being right with the world. "If I get hit by a truck tomorrow," she writes, "I want to know I've returned my neighbor's cake pan."

Maximum Rockroll National Geographic Books

"Traces the transformation of commercial development as it has moved from centralized main streets, out along the street car lines, to form the "miracle miles" and shopping malls of today ... Also explores the evolution of roadside buildings."--Back cover.

Human Accomplishment Falcon Guides

"It's the scenery—and the big guy standing in front of the scenery—that keeps us coming back to Craig Johnson's lean and leathery mysteries."

—The New York Times Book Review The ninth Longmire book from the New York Times bestselling author of *Land of Wolves* It's homecoming for the Durant Dogies when Cord Lynear, a Mormon "lost boy" forced off his compound for rebellious behavior, shows up in Absaroka County. Without much guidance, divine or otherwise, Sheriff Walt Longmire, Victoria Moretti, and Henry Standing Bear search for the boy's mother and find themselves on a high-plains scavenger hunt that ends at the barbed-wire doorstep of an interstate polygamy group. Run by four-hundred-pound Roy Lynear, Cord's father, the group is frighteningly well armed and very good at keeping secrets. Walt's got Cord locked up for his own good, but the Absaroka County jailhouse is getting crowded since the arrival of the boy's self-appointed bodyguard, a dangerously spry old man who claims to be blessed by Joseph Smith himself. As Walt, Vic, and Henry butt heads with the Lynears, they hear whispers of Big Oil and the CIA and fear they might be dealing with a lot more than they bargained for.

Engineering News-record Everything

My Omaha Obsession takes the reader on an idiosyncratic tour through some of Omaha ' s neighborhoods, buildings, architecture, and people, celebrating the city ' s unusual history. Rather than covering the city ' s best-known sites, Miss Cassette is irresistibly drawn to strange little buildings and glorious large homes that don ' t exist anymore as well as to stories of Harkert ' s Holsum Hamburgers and the Twenties Club. Piecing together the records of buildings and homes and everything interesting that came after, Miss Cassette shares her observations of the property and its significance to Omaha. She scrutinizes land deeds, insurance maps, tax records, and old newspaper articles to uncover a property ' s singular story. Through conversations with fellow detectives and history enthusiasts, she guides readers along her path of hunches, personal interests, mishaps, and more. As a longtime resident of Omaha, Miss Cassette is informed by memories of her youth combined with an enduring curiosity about the city ' s offbeat relics and remains. Part memoir and part research guide with a healthy dose of colorful wandering, *My Omaha Obsession* celebrates the historic built environment and searches for the people who shaped early Omaha.

Great Lakes Communicator U of Nebraska Press

Many have dreamed of seeing Florida at a slower pace than through the windshield of a car whizzing along the interstate, and yet few have done so. *Road Biking Florida* provides an exquisite tour of the Sunshine State, offering bike routes for every taste and moment. Each ride—whether along highways or quiet rural lanes, from short 25-mile rambles to 100-mile classics—has been ridden and reviewed personally by local author Rick Sapp. He highlights not only the unique features of the road but also the people, the ecology, and the history of the areas covered. The author's passion truly brings alive

those halcyon rides under hammocks of oak draped with Spanish moss, past whitetail deer munching on acorns, along stretches of white sand beaches, and through wide expanses of the Everglades and swamp.

The Big Roads NavPress

In the second volume of the acclaimed "Gas, Food, Lodging" trilogy, authors John Jakle, Keith Sculle, and Jefferson Rogers take an informative, entertaining, and comprehensive look at the history of the motel. From the introduction of roadside tent camps and motor cabins in the 1910s to the wonderfully kitschy motels of the 1950s that line older roads and today's comfortable but anonymous chains that lure drivers off the interstate, Americans and their cars have found places to stay on their travels. Motels were more than just places to sleep, however. They were the places where many Americans saw their first color television, used their first coffee maker, and walked on their first shag carpet. Illustrated with more than 230 photographs, postcards, maps, and drawings, *The Motel in America* details the development of the motel as a commercial enterprise, its imaginative architectural expressions, and its evolution within the place-product-packaging concept along America's highways. As an integral part of America's landscape and culture, the motel finally receives the in-depth attention it deserves.

The Hardy Boys Mysteries JHU Press

Grace believed she went from losing it all to having it all. In a desperate attempt to put her life back together, Grace, divorced and jobless, leaves Tucson to return to Chicago—a place she never planned to call home again. She also never planned to fall for Benjamin Hayward. Drawn into the fairytale existence of his power and wealth, Grace is unable to see what her family and friends see, and ignores the warning signs of Dr. Benjamin Hayward's dark side. Benjamin's secrets—the death of his mentally ill wife and the disappearance of his daughter—push Grace into an abyss deeper than the one that brought her home in the first place, and she risks losing even more. Pieces of Grace is a complicated story of relationships confused by undercurrents of mental illness. Readers find themselves hoping family and friends can carry Grace through her most difficult moments.

Thief of Corinth Houghton Mifflin Harcourt

On August 24-25, 2010, the National Defense University held a conference titled " Economic Security: Neglected Dimension of National Security?" to explore the economic element of national power. This special collection of selected papers from the conference represents the view of several keynote speakers and participants in six panel discussions. It explores the complexity surrounding this subject and examines the major elements that, interacting as a system, define the economic component of national security.

Toys & Prices 2007 Harper Collins

A sweeping cultural survey reminiscent of Barzun's *From Dawn to Decadence*. "At irregular times and in scattered settings, human beings have achieved great things. Human Accomplishment is about those great things, falling in the domains known as the arts and sciences, and the people who did them." So begins Charles Murray's unique account of human excellence, from the age of Homer to our own time. Employing techniques that historians have developed over the last century but that have rarely been applied to books written for the general public, Murray compiles inventories of the people who have been essential to the stories of literature, music, art, philosophy, and the sciences—a total of 4,002

men and women from around the world, ranked according to their eminence. The heart of on the job.

Human Accomplishment is a series of enthralling descriptive chapters: on the giants in the arts and what sets them apart from the merely great; on the differences between great achievement in the arts and in the sciences; on the meta-inventions, 14 crucial leaps in human capacity to create great art and science; and on the patterns and trajectories of accomplishment across time and geography. Straightforwardly and undogmatically, Charles Murray takes on some controversial questions. Why has accomplishment been so concentrated in Europe? Among men? Since 1400? He presents evidence that the rate of great accomplishment has been declining in the last century, asks what it means, and offers a rich framework for thinking about the conditions under which the human spirit has expressed itself most gloriously. Eye-opening and humbling, Human Accomplishment is a fascinating work that describes what humans at their best can achieve, provides tools for exploring its wellsprings, and celebrates the continuing common quest of humans everywhere to discover truths, create beauty, and apprehend the good.

The Living Museum JHU Press

An exploration of the fast food industry in the United States, from its roots to its long-term consequences.

The Long Haul: A Trucker's Tales of Life on the Road Three Rivers Press (CA)

First-century Corinth is a city teeming with commerce and charm. It ' s also filled with danger and corruption—the perfect setting for Ariadne ' s greatest adventure. After years spent living with her mother and oppressive grandfather in Athens, Ariadne runs away to her father ' s home in Corinth, only to discover the perilous secret that destroyed his marriage: though a Greek of high birth, Galenos is the infamous thief who has been robbing the city ' s corrupt of their ill-gotten gains. Desperate to keep him safe, Ariadne risks her good name, her freedom, and the love of the man she adores to become her father ' s apprentice. As her unusual athletic ability leads her into dangerous exploits, Ariadne discovers that she secretly revels in playing with fire. But when the wrong person discovers their secret, Ariadne and her father find their future—and very lives—hanging in the balance. When they befriend a Jewish rabbi named Paul, they realize that his radical message challenges everything they ' ve fought to build, yet offers something neither dared hope for. Be transported back in time by this gripping tale of adventure, bravery, and redemption, and discover why Debbie Macomber says, “ No one brings the Bible to life like Tessa Afshar. ”

Who's who in the West Hachette Books

OCD sufferers have difficulty concentrating, and often their compulsions--needless checking, excessive worrying, and even repetitive actions like rewashing--make it difficult for them to lead their everyday lives. Misdiagnosed or untreated OCD can become chronic and more severe. It is also hereditary, so parents who have OCD may pass symptoms on to their children. Written by an OCD sufferer with a technical review by a licensed psychologist, this practical guide covers: * Diagnosis and the identification of symptoms * The types of OCD * Current treatment options * Some coping strategies * Support groups * Useful resources like an OCD self-test With The Everything® Health Guide to OCD, people who suffer from the disorder can rest easy, knowing they have the knowledge and medical information to help them recognize and cope with the symptoms and decide upon treatment. AUTHOR: Chelsea Lowe (New England) is a professional writer who has been living with OCD for 7 years (she was diagnosed at the age of 37). She has written about the disorder for the Philadelphia Inquirer, the New York Daily News, and TV Guide. Her other publication credits include Newsweek, National Public Radio, Newsday, the Los Angeles Times, the Boston Globe, Technology Review, and the Boston Herald. Judith A. Lytel, Psy.D. (Amherst, MA), is a licensed psychologist who has been in private practice for more than 12 years, treating patients with anxiety disorders such as OCD. She was a Clinical Instructor and Preceptor in Obstetrics and Gynecology at Tufts University School of Medicine. A graduate of Penn State, Johns Hopkins, and the Massachusetts School of Professional Psychology, Dr. Lytel completed a postdoctoral fellowship in Behavioral Medicine at Harvard-affiliated Cambridge Hospital.

Main Street to Miracle Mile Three Rivers Press

“ There ' s nothing semi about Finn Murphy ' s trucking tales of The Long Haul. ” —Sloane Crosley, Vanity Fair More than thirty years ago, Finn Murphy dropped out of college to become a long-haul trucker. Since then he ' s covered more than a million miles as a mover, packing, loading, hauling people ' s belongings all over America. In The Long Haul, Murphy recounts with wit, candor, and charm the America he has seen change over the decades and the poignant, funny, and often haunting stories of the people he encounters
