This is the first and only account of the Chequered Flag race team and its charismatic founder, Graham Warner. It charts the highs and lows, the victories and losses, and features interviews with the man himself and and several star drivers of the 1960s and '70s. Accompanied by 150 photographs, many previously unpublished, plus a look at Graham's subsequent career as a fighter aircraft expert and restorer, this is a unique story of a fascinating life in motorsport. Aston Martin Veloce Publishing Ltd This long out of print classic has now been revised and updated. The most comprehensive account of British cars ever published, this book presents a huge amount of historical and technical information. Nearly 700 manufacturers and 3,700 individual models are profiled, including

This is the only book that completely lists accurate technical data for all cars

imported into the U.S. market from 1946-2000. With many imports approaching the antique status, this book will be a big seller across all generations of car enthusiasts.

From the grandiose European carriages of the late Forties to the hot, little Asian imports of the Nineties, every car to grace

American roadways from across the Atlantic and Pacific is carefully referenced in this book. – – Foreign car devotees will appreciate the attention given to capturing precise data on Appearance and Equipment, Vehicle I.D. Numbers, Specification Charts, Engine Data, Chassis, Technical Data, Options and Historical Information. – – Collectors, restorers and car buffs will love this key book from noted automotive authors, James Flammang and Mike Covello. Car Herald Books From the first motor cars and classic cars to today's supercars and Formula 1, this is the ultimate book about the history of the car. Packed with stunning photography, and featuring more than 2,000 cars, Car shows you how cars have evolved around the world over the the last 130 years, and their impact on society as objects of curiosity, symbols of status and luxury, and

items of necessity. Extensive catalogues showcase the most important marques and models, organized in categories such as sports cars, convertibles, and city compacts. The book also features virtual photographic tours of some of the most iconic cars from each era such as the Rolls Royce Silver Ghost, made brands Ford Model T, Lamborghini Countach, and Ferrari F40, while cross-sections of key engines explore the driving force behind them. Lavishly illustrated feature spreads detail the stories of the men, machines, and magic that helped create the car world's most famous marques and Silver Ghost, made brands such as Porsche, Mercedes-Benz, Aston Martin, and Cadillac household names.
