In 1957, Aston Martin replaced the aging DB2/4
with a new model dubbed the DB Mark III. While
it was a new car, the Mark III was an
evolutionary rather than revolutionary update,
with incremental changes to the bodywork and
grille and to the engine and driveline.

The DB4 is a grand tourer that was produced by Aston Martin from
1958 until 1963.. Technically the DB4 was not a development of the
DB Mark III it replaced. It had a platform rather than a tubular
chassis with a new engine by Tadek Marek. The DB4's design
formed the basis for later Aston Martin models, such as the DB4 GT
Zagato, the Lagonda Rapide 4-door saloon.
