Hey Guys, new to the old tractors and looking for help. So far I got enough info to figure out I bought a 1963 ford 4000 industrial tractor with a 4 speed with a sherman hi/ lo trans? It has a lever in front of the clutch pedal that the last 2 owners

did not know what it was for so I tried moving it and it seems the tractor has 8 forward speeds?

How to Remove the Fuel Tank from a Ford Tractor
Max Stout Pin Share Tweet
Share Email Henry Ford built the first experimental tractor in 1907. Since that time, many different models of Ford tractors have rolled off the assembly line and headed for farm fields around the world. ... Remove the hood ...

HOW TO REMOVE AND REPAIR A FORD TRACTOR TRANSMISSION WITH A SHERMAN REVERSER TRANNY.

The four cylinder 4000

model was made between late 1962 and early 1965. Most folks do indeed refer to them as 63 or 64 models. Restoration of an antique Ford tractor is a labor of love rather than a money making proposition. I have kept all of my vintage Ford tractors 6V but many convert to 12 V, usually to cover up other issues.
