Exactly 100 years ago in 1910 at Portello on the outskirts of Milan, a new company was established in the still young world of motoring of the period: Alfa Romeo. A name which, in those 100 years, has become synonymous with cars, so important has its presence been both on the industrial and sports fronts as well as culturally. In this long period of time, the celebrated Italian marque brought to life cars that have entered by right into the history of the

automobile and not only that of Italy, like the 1900, the Giulietta and the Giulia. Yet at the same time the company was able to write its own unrepeatable pages in the annuals of motor sport, winning all the most important races: from the Mille Miglia to Le Mans, from the Tourist Trophy to the World Sports Car Championship. An epic about which just almost everything has been written; but this volume by a great authority on the subject in Maurizio Tabucchi aims to be a tribute to this tremendous story, told above all by pictures, many of them previously unpublished, and supported by brief but exhaustive texts.

Alfa's Berlinas have always tended to be overshadowed by their spotlight-grabbing Coupé and Spider siblings, but enthusiasts with family car needs have always known that any saloon/sedan

with the famous Alfa Romeo badge would deliver pure driving pleasure in equal measure. Here is the full story of Alfa's quirky but characterful Berlinas, from their beginnings in the early 1900s through to the start of a new millennium. Not only does the book describe and picture every model, it also contains useful information on restoring classic Alfa Romeos and details of marque specialists.
