On War Anchor

The works of William Shakespeare come alive in these stunning graphic novels adaptation using the original Shakespearean dialog. The world-class art, romance, sword-play, and tragedy of Romeo and Juliet will capture the attention of reluctant readers. Supplement your traditional Shakespearean sources with the graphic novel adaptation that will help readers imagine the action like never before. Graphic Planet is an imprint of Magic Wagon, a division of ABDO Publishing Group. Grades 5-10.

Air Force Handbook 1 Oxford University Press, USA
REA's MAXnotes for George Orwell's 1984 MAXnotes offer a fresh look at masterpieces of literature, presented in a lively and interesting fashion. Written by literary experts who currently teach the subject, MAXnotes will enhance your understanding and enjoyment of the work. MAXnotes are designed to stimulate independent thought about the literary work by raising various issues and thought-provoking ideas and questions. MAXnotes cover the essentials of what one should know about each work, including an overall summary, character lists, an explanation and discussion of the plot, the work's historical context, illustrations to convey the mood of the work, and a biography of the author. Each chapter is individually summarized and analyzed, and has study questions and answers.

101 Answers to Questions Leaders Ask Transaction Publishers
Set in the future when "firemen" burn books forbidden by the totalitarian "brave new world" regime.

On the Christian Meaning of Human Suffering Harper Collins
Set at the beginning of the Second World War, Coming Up for Air describes suburban insurance agent George Bowling's return to his birthplace, a sedate Oxfordshire village. This new edition of one of George Orwell's early pre-war works explores the historical and political context of the novel.

ULYSSES (Modern Classics Series) Houghton Mifflin
Twenty years after witnessing the violent disappearances of two companions from their small Dublin suburb, detective Rob Ryan investigates a chillingly similar murder that takes place in the same wooded area, a case that forces him to piece together his traumatic memories.

Event History Analysis ABDO Publishing Company
This classic novel of a perfectly engineered society is "one of the most prophetic dystopian works of the twentieth century" (The Wall Street Journal). Half a millennium from now, in the World State, the watchword is that every one belongs to every one else. No matter what class of human you are bred to be—from the intellectual Alphas to the Epsilons who provide the manual

labor—you are a part of the efficient, well-oiled whole. You are nourished, secure, and blissfully serene thanks to the freely distributed drug called soma. And while sex is strongly encouraged, the old way of procreation is forbidden, eliminating even the pains of childbirth. But when a man and woman journey beyond these confines to where the "savages" reside, and bring back two outsiders, the cracks begin to show. Named as one of the 100 best English-language novels of the twentieth century by the Modern Library, Brave New World is one of the first truly dystopian novels. Influenced by the historic events of Huxley's era yet as relevant today as ever, it is a remarkable depiction of the conflict between progress and the human spirit. "Chilling. . . . That he gave us the dark side of genetic engineering in 1932 is amazing."

—Providence Journal-Bulletin "It is a frightening experience, indeed, to discover how much of his satirical prediction of a distant future became reality in so short a time." —The New York Times Book Review

Romeo and Juliet National Geographic Books
When a little boy plants a carrot seed, everyone tells him it won't grow. But when you are very young, there are some things that you just know, and the little boy knows that one day a carrot will come up. So he waters his seed, and pulls the weeds, and he waits ... First published in 1945 and never out of print, this timeless combination of Ruth Krauss's simple text and Crockett Johnson's eloquent illustrations creates a triumphant and deeply satisfying story for readers of all ages.

Keep the Aspidistra Flying John Benjamins Publishing
The fundamental mathematical tools needed to understand machine learning include linear algebra, analytic geometry, matrix decompositions, vector calculus, optimization, probability and statistics. These topics are traditionally taught in disparate courses, making it hard for data science or computer science students, or professionals, to efficiently learn the mathematics. This self-contained textbook bridges the gap between mathematical and machine learning texts, introducing the mathematical concepts with a minimum of prerequisites. It uses these concepts to derive four central machine learning methods: linear regression, principal component analysis, Gaussian mixture models and support vector machines. For students and others with a mathematical background, these derivations provide a starting point to machine learning texts. For those learning the mathematics for the first time, the methods help build intuition and practical experience with applying mathematical concepts. Every chapter includes worked examples and exercises to test understanding. Programming tutorials are offered on the book's web site.

Fahrenheit 451 Rosetta Books

Published on February 11, 1984, Salvifici Doloris addresses the question of why God allows suffering. This 30th anniversary edition includes the complete text of the letter plus commentary by Myles N. Sheehan, SJ, MD, a priest and physician trained in geriatrics with an expertise in palliative care.

Acknowledgments of recent episodes of violence bring the papal document into a modern context. Insightful questions suited for individual or group use, applicable prayers, and ideas for meaningful action invite readers to personally respond to the mystery of suffering.

Critical Essays Cambridge University Press

NOBEL PRIZE WINNER • The moving, suspenseful, beautifully atmospheric modern classic from the acclaimed author of *The Remains of the Day* and *Klara and the Sun*—“a Gothic tour de force” (*The New York Times*) with an extraordinary twist. “Brilliantly executed.” —Margaret Atwood “A page-turner and a heartbreaker.” —*TIME* “Masterly.” —*Sunday Times* As children, Kathy, Ruth, and Tommy were students at Hailsham, an exclusive boarding school secluded in the English countryside. It was a place of mercurial cliques and mysterious rules where teachers were constantly reminding their charges of how special they were. Now, years later, Kathy is a young woman. Ruth and Tommy have reentered her life. And for the first time she is beginning to look back at their shared past and understand just what it is that makes them special—and how that gift will shape the rest of their time together.

Mathematics for Machine Learning Penguin

Originally published in 1984, *Reading the Romance* challenges popular (and often demeaning) myths about why romantic fiction, one of publishing's most lucrative categories, captivates millions of women readers. Among those who have disparaged romance reading are feminists, literary critics, and theorists of mass culture. They claim that romances enforce the woman reader's dependence on men and acceptance of the repressive ideology purveyed by popular culture. Radway questions such claims, arguing that critical attention “must shift from the text itself, taken in isolation, to the complex social event of reading.” She examines that event, from the complicated business of publishing and distribution to the individual reader's engagement with the text. Radway's provocative approach combines reader-response criticism with anthropology and feminist psychology. Asking readers themselves to explore their reading motives, habits, and rewards, she conducted interviews in a midwestern town with forty-two romance readers whom she met through Dorothy Evans, a chain bookstore employee who has earned a reputation as an expert on romantic fiction. Evans defends her customers' choice of entertainment; reading romances, she tells Radway, is no more harmful than watching sports on television. “We read books so we won't cry” is the poignant explanation one woman offers for her reading habit. Indeed, Radway found that while the women she studied devote themselves to nurturing their families, these wives and mothers receive insufficient devotion or nurturance in return. In romances the women find not only escape from the demanding and often tiresome routines of their lives but also a hero who supplies the tenderness and admiring attention that they have learned not to expect. The heroines admired by Radway's group defy the expected stereotypes; they are strong, independent, and intelligent. That such characters often find themselves to be victims of male aggression and almost always resign themselves to accepting conventional roles in life has less to do,

Radway argues, with the women readers' fantasies and choices than with their need to deal with a fear of masculine dominance. These romance readers resent not only the limited choices in their own lives but the patronizing attitude that men especially express toward their reading tastes. In fact, women read romances both to protest and to escape temporarily the narrowly defined role prescribed for them by a patriarchal culture.

Paradoxically, the books that they read make conventional roles for women seem desirable. It is this complex relationship between culture, text, and woman reader that Radway urges feminists to address. Romance readers, she argues, should be encouraged to deliver their protests in the arena of actual social relations rather than to act them out in the solitude of the imagination. In a new introduction, Janice Radway places the book within the context of current scholarship and offers both an explanation and critique of the study's limitations.

Coming Up for Air National Academies Press

The 1975 publication of Robin Tolmach Lakoff's *Language and Woman's Place*, is widely recognized as having inaugurated feminist research on the relationship between language and gender, touching off a remarkable response among language scholars, feminists, and general readers. For the past thirty years, scholars of language and gender have been debating and developing Lakoff's initial observations. Arguing that language is fundamental to gender inequality, Lakoff pointed to two areas in which inequalities can be found: Language used about women, such as the asymmetries between seemingly parallel terms like master and mistress, and language used by women, which places women in a double bind between being appropriately feminine and being fully human. Lakoff's central argument that “women's language” expresses powerlessness triggered a controversy that continues to this day. The revised and expanded edition presents the full text of the original first edition, along with an introduction and annotations by Lakoff in which she reflects on the text a quarter century later and expands on some of the most widely discussed issues it raises. The volume also brings together commentaries from twenty-six leading scholars of language, gender, and sexuality, within linguistics, anthropology, modern languages, education, information sciences, and other disciplines. The commentaries discuss the book's contribution to feminist research on language and explore its ongoing relevance for scholarship in the field. This new edition of *Language and Woman's Place* not only makes available once again the pioneering text of feminist linguistics; just as important, it places the text in the context of contemporary feminist and gender theory for a new generation of readers.

Collective Darkness Oxford University Press

As a child, did you hide under your blankets when you were scared? After reading some of the scariest stories from new up-and-coming authors, we won't blame you if you start hiding again. Take a journey with us into the twisted mind of horror and Editing Mee's first horror story collection. “The Fallout” travels through the unknown, while “Feast” will make you never want to love again. *Collective Darkness* isn't for the faint of heart.

Read... if you dare.

Politics and the English Language Wildside Press LLC
Jitterbug Perfume is an epic. Which is to say, it begins in the forests of ancient Bohemia and doesn't conclude until nine o'clock tonight (Paris time). It is a saga, as well. A saga must have a hero, and the hero of this one is a janitor with a missing bottle. The bottle is blue, very, very old, and embossed with the image of a goat-horned god. If the liquid in the bottle actually is the secret essence of the universe, as some folks seem to think, it had better be discovered soon because it is leaking and there is only a drop or two left.

Language and Woman's Place epubli

Human Rights: Questions and Answers is motivated by a strong belief in the value of human rights education. Citizens can only exercise and claim their rights - and respect and defend the rights of others - if they have sufficient knowledge of human rights norms and mechanisms for their protection. This book provides the general public with clear, concise and up-to-date information on human rights standards in an attempt to help prevent past atrocities from happening again and anticipate the emergence of new threats. First published in 1981, Human Rights: Questions and Answers has been reedited and revised several times and translated into more than thirty languages. To mark the 20th anniversary of the Vienna Declaration and Programme of Action adopted by the World Conference on Human Rights, it is hoped that this publication will keep contributing to the promotion of the principles of universality, indivisibility, interrelatedness and interdependence of all human rights which were reaffirmed at the Vienna Conference in 1993.

Assignment in Utopia Good Press

"Rich and compelling. . .Lynskey's account of the reach of 1984 is revelatory." --George Packer, The Atlantic An authoritative, wide-ranging, and incredibly timely history of 1984--its literary sources, its composition by Orwell, its deep and lasting effect on the Cold War, and its vast influence throughout world culture at every level, from high to pop. 1984 isn't just a novel; it's a key to understanding the modern world. George Orwell's final work is a treasure chest of ideas and memes--Big Brother, the Thought Police, Doublethink, Newspeak, 2+2=5--that gain potency with every year. Particularly in 2016, when the election of Donald Trump made it a bestseller ("Ministry of Alternative Facts," anyone?). Its influence has morphed endlessly into novels (The Handmaid's Tale), films (Brazil), television shows (V for Vendetta), rock albums (Diamond Dogs), commercials (Apple), even reality TV (Big Brother). The Ministry of Truth is the first book that fully examines the epochal and cultural event that is 1984 in all its aspects: its roots in the utopian and dystopian literature that preceded it; the personal experiences in wartime Great Britain that Orwell drew on as he struggled to finish his masterpiece in his dying days; and the political and cultural phenomena that the novel ignited at once upon publication and that far from subsiding, have only grown over the decades. It explains how fiction history informs fiction and how fiction explains history.

Brave New World Penguin

Questions and Answers in the English Courtroom (1640-1760) Univ of North Carolina Press

Mrs. Louise Mallard, afflicted with a heart condition, reflects on the death of her husband from the safety

of her locked room. Originally published in Vogue magazine, "The Story of an Hour" was retitled as "The Dream of an Hour," when it was published amid much controversy under its new title a year later in St. Louis Life. "The Story of an Hour" was adapted to film in The Joy That Kills by director Tina Rathbone, which was part of a PBS anthology called American Playhouse. HarperPerennial Classics brings great works of literature to life in digital format, upholding the highest standards in ebook production and celebrating reading in all its forms. Look for more titles in the HarperPerennial Classics collection to build your digital library.

Congressional Record Research & Education Assoc. This handbook implements AFD 36-22, Air Force Military Training. Information in this handbook is primarily from Air Force publications and contains a compilation of policies, procedures, and standards that guide Airmen's actions within the Profession of Arms. This handbook applies to the Regular Air Force, Air Force Reserve and Air National Guard. This handbook contains the basic information Airmen need to understand the professionalism required within the Profession of Arms. Attachment 1 contains references and supporting information used in this publication. This handbook is the sole source reference for the development of study guides to support the enlisted promotion system. Enlisted Airmen will use these study guide to prepare for their Promotion Fitness Examination (PFE) or United States Air Force Supervisory Examination (USAFSE).

The Goal Random House Trade Paperbacks

"Nineteen Eighty-Four: A Novel", often published as "1984", is a dystopian social science fiction novel by English novelist George Orwell. It was published on 8 June 1949 by Secker & Warburg as Orwell's ninth and final book completed in his lifetime. Thematically, "Nineteen Eighty-Four" centres on the consequences of totalitarianism, mass surveillance, and repressive regimentation of persons and behaviours within society. Orwell, himself a democratic socialist, modelled the authoritarian government in the novel after Stalinist Russia. More broadly, the novel examines the role of truth and facts within politics and the ways in which they are manipulated. The story takes place in an imagined future, the year 1984, when much of the world has fallen victim to perpetual war, omnipresent government surveillance, historical negationism, and propaganda. Great Britain, known as Airstrip One, has become a province of a totalitarian superstate named Oceania that is ruled by the Party who employ the Thought Police to persecute individuality and independent thinking. Big Brother, the leader of the Party, enjoys an intense cult of personality despite the fact that he may not even exist. The protagonist, Winston Smith, is a diligent and skillful rank-and-file worker and Outer Party member who secretly hates the Party and dreams of rebellion. He enters into a forbidden relationship with a colleague, Julia, and starts to remember what life was like before the Party came to

power.
