*Princeton Review AP European History Premium Prep, 2022 Princeton Review*

Today most Americans, black and white, identify slavery with cotton, the deep South, and the African-American church. But at the beginning of the nineteenth century, after almost two hundred years of African-American life in mainland North America, few slaves grew cotton, lived in the deep South, or embraced Christianity. *Many Thousands Gone* traces the evolution of black society from the first arrivals in the early seventeenth century through the Revolution. In telling their story, Ira Berlin, a leading historian of southern and African-American life, reintegrates slaves into the history of the American working class and into the tapestry of our nation. Laboring as field hands on tobacco and rice plantations, as skilled artisans in port cities, or soldiers along the frontier, generation after generation of African Americans struggled to create a world of their own in circumstances not of their own making. In a panoramic view that stretches from the North to the Chesapeake Bay and Carolina lowcountry to the Mississippi Valley, *Many Thousands Gone* reveals the diverse forms that slavery and freedom assumed before cotton was king. We witness the transformation that occurred as the first generations of creole slaves--who worked alongside their owners, free blacks, and indentured whites--gave way to the plantation generations, whose back-breaking labor was the sole engine of their society and whose physical and linguistic isolation sustained African traditions on American soil. As the nature of the slaves' labor changed with place and time, so did the relationship between slave and master, and between slave and society. In this fresh and vivid interpretation, Berlin demonstrates that the meaning of slavery and of race itself was continually renegotiated and redefined, as the nation lurched toward political and economic independence and grappled with the Enlightenment ideals that had inspired its birth.

5 Steps to a 5: AP U.S. History 2018, Elite Student Edition REA Presents hundreds of tips and strategies designed to help students in Advanced Placement history classes score high on the AP exam and earn valuable college credits. Includes three customized study programs,

practice exams, and terms and concepts needed to get higher scores.

Washington's Farewell Address to the People of the United States, 1796 Research & Education Assoc.

The November 1994 midterm elections were a watershed event, making possible a Republican majority in Congress for the first time in forty years. Contract with America, by Newt Gingrich, the new Speaker of the House, Dick Armey, the new Majority Leader, and the House Republicans, charts a bold new political strategy for the entire country. The ten-point program, which forms the basis of this book, was announced in late September. It received the signed support of more than 300 GOP candidates. Their pledge: "If we break this contract, throw us out". Contract with America fleshes out the vision and provides the details of the program that swept the GOP to victory. Among the pressing issues addressed in this important book are: balancing the budget, stopping crime, reforming welfare, reinforcing families, enhancing fairness for seniors, strengthening national defense, cutting government regulations, promoting legal reform, considering term limits, and reducing taxes.

Cracking the AP U. S. History Exam, 2017 Edition Barrons Educational Series

A study guide to the AP U.S. history exam that offers a targeted review of the material, test-taking tips and strategies, and a full-length practice exam, and includes online tools and a flashcard app.

The Pequot War Princeton Review

This book offers the first full-scale analysis of the Pequot War (1636-37), a pivotal event in New England colonial history. Through an innovative rereading of the Puritan sources, Alfred A. Cave refutes claims that settlers acted defensively to counter a Pequot conspiracy to exterminate Europeans. Drawing on archaeological, linguistic, and anthropological evidences to trace the evolution of the conflict, he sheds new light on the motivations of the Pequots and their Indian allies, the fur trade, and the cultural values and attitudes in New England. He also provides a reappraisal of the interaction of ideology and self-interest as motivating factors in the Puritan attack on the Pequots.

"REA: the test prep AP teachers recommend."

The Purple Decades University Press of Kansas

Hailed as "perhaps the best scholarly overview of the conservative movement in print" (American Conservative), Donald Critchlow's *The Conservative Ascendancy* has depicted, as no other book has, the wild ride of the Republican Right. Newly updated and available for the first time in paperback, it continues to offer the best account of the conservative struggle to reverse the momentum of the New Deal. In tracing the conservative revival, Critchlow chronicles how conservative beliefs were translated into political power. He shows how conservatives, from think tank theorists to grassroots mobilizers, gained control of the Republican party by defeating its liberal eastern wing only to find that the welfare state was not so easily dismantled. Looking back at the 1964 Goldwater debacle and the scandal-plagued Nixon years, he then revisits the triumph of the Reagan presidency and describes how George W. Bush injected into American politics a level of partisanship not seen since the nineteenth century. Critchlow recounts the conflict between purity of principle and political practice for conservatives, and the dilemma of maintaining an anti-statist ideology in an era of mass democracy and Cold War hostilities. Throughout he delineates the intellectual foundations of the Right's positions--including the ongoing schism that separates social conservatives from libertarians--while plumbing America's increasing ideological divide. This updated edition not only features a new preface and conclusion but also boasts an entirely new chapter covering the 2008 presidential election, the 2008 financial meltdown, the first two years of Obama's presidency, the emergence of the Tea Party, the 2010 midterms, and ongoing economic problems. Here Critchlow foresees a new epoch in which the old conservative-progressive divide is

unable to address the problems caused by national debt, entitlement deficits, and a new global economy--a new reality sure to transform both parties. As conservatives continue to wave the banners of limited government, individual responsibility, and free enterprise, Critchlow's book provides a clear guide to the country's most dynamic political movement and is essential reading for students and citizens alike as the political center continues to tack to the right. America's History: for the AP® Course Three Rivers Press

The only AP® U.S. History book that weaves together content, skills, sources, and AP® exam practice is back and better than ever. AP® U.S. History is about so much more than just events on a timeline. The Course Framework is designed to develop crucial reading, reasoning, and writing skills that help students think like historians to interpret the world of the past—and understand how it relates to the world of today. And *Fabric of a Nation* is still one of the only textbooks that covers every aspect of this course, seamlessly stitching together history skills, sources, and AP® Exam practice. In this new edition, we make it easier than ever to cover all of the skills and topics in the AP® U.S. History Course and Exam Description by aligning our content to the Unit Topics and Historical Reasoning Processes of each Period. An Accessible, Balanced Narrative There's only so much time in a school year. To cover everything and leave enough time for skill development, you need more focused content, not just more content—and to be most effective, skills development should be accessible and placed just where it is needed. Within the narration are AP® Skills Workshops and AP® Working with Evidence features that support students as they learn the history and prepare to take the AP® Exam. *Fabric of a Nation* delivers a thorough, yet approachable historical narrative that perfectly aligns with all the essential content of the AP® course. An up-to-date historical survey based on current scholarship, this book is also easy to understand and fun to read, with plenty of interesting details and a crisp writing style that keeps things fresh. Perfectly Aligned to the AP® Scope and Sequence *Fabric of a Nation* has an easy-to-use organization that fully aligns with the College Board's Course and Exam Description for AP® U.S. History. Instead of long, meandering chapters, this book is divided into smaller, approachable modules that pull together content, skills, sources, and AP® Exam practice into brief 1- to 2-day lessons. Each module corresponds with a specific unit topic in the course framework, including the contextualization and reasoning process topics that bookend each time period. This approach takes the guesswork out of when to introduce which skills and how to blend sources with content—all at a manageable pace that mirrors the scope and sequence of the AP® course framework. Seamlessly Integrated AP® Skill Workshops for Thinking and Writing Skills Inspired by the authors' classroom experience and sound pedagogical principles, the instruction in *Fabric of a Nation* scaffolds learning throughout the course of the book. Every module offers an opportunity to either learn or practice new skills to prepare for each section of the AP® Exam in an AP® Skills Workshop. As the book progresses, the nature of these workshops moves from focused instruction early on, to guided practice in the middle of the book, and then finally, to independent practice near the end of the year. *Fabric of a Nation* was designed to provide you and your students everything needed to succeed in the AP® US History course and on the exam. It's all there. AP® Exam Practice: We Boast the Most Material Every period culminates with AP® Practice questions providing students a mini-AP® exam with approximately 15 stimulus-based multiple-choice questions, 4 short-answer questions, 1 document-based essay question, and 3 long-essay questions. Additionally, a full-length practice exam is included at the end of the textbook. Because the modules in this book are divided into periods that perfectly align to the AP® U.S. History Course and Exam Description, it's also easy to pair *Fabric of a Nation* with the resources on AP® Classroom. Each textbook module can be used with the corresponding AP® Daily Videos and Topic Questions while the AP® Exam Practice at the end of each period can be supplemented with the Personal Progress Checks from AP® Classroom.
