Boating Routledge
Published in 1995, "Film & Television" is an important contribution to Film and Media.

Cruising World Primento
L ’ OMC exerce son influence dans un univers au sein duquel se c ô toient des modes de pens é es et des é chelles de valeurs h é t é rog è nes. Ses r è gles multilat é ralement agr é é es se heurtent à l ’ expression de valeurs non marchandes aussi nombreuses que vari é es. Il en r é sulte une tension qui menace la poursuite des processus d ’ int é gration des é conomies. L ’ ouvrage met en é vidence les forces et les faiblesses des divers m é canismes d ’ articulation des valeurs non marchandes avec les engagements commerciaux des Membres de l ’ OMC. Ces m é canismes concernent les dispositions relatives aux exceptions g é n é rales, dont l ’ interpr é tation é volutive contribue à am é liorer la prise en compte de ces valeurs, mais dont la rigidit é t é moigne des limites inh é rentes à cette technique. La prise en compte semble alors devoir reposer sur un second type de m é canisme, soit la r è gle de l ’ OMC. La voie à explorer est celle de la reconsid é ration du principe de non-discrimination. Sur ce point, l ’ œuvre interpr é tative du juge atteste du potentiel d ’ é volution du syst è me commercial multilat é ral vers une meilleure prise en compte des valeurs non marchandes. L ’ ouverture qu ’ il manifeste à l ’ é gard de ce qui se situe à la p é riph é rie de ce syst è me devra n é anmoins s ’ accentuer afin que le droit de l ’ OMC s ’ impose non seulement comme un pilier de l ’ ordre juridique mondial, mais é galement comme le d é fenseur et le promoteur d ’ un monde pluriel et diversifi é . L ’ ouvrage int é ressera les praticiens du droit international du commerce, de l ’ environnement, de la culture, du travail et de la sant é ainsi que les hauts fonctionnaires, les professeurs et les chercheurs.
