DieCastX Magazine St. Martin's Press Drifting is the newest, most exciting motorsport we have seen in the United States since the invention of the limited slip differential - it may be the most exhilarating contest of man and machine ever devised! From the winding mountain passes and desolate industrial roads

of Japan, this unique sport of sliding a car sideways through a series of corners has become a huge hit in America. Drifting, or dorifto as they call it in Japan, extracts the most exciting aspect auto racing, extreme oversteer, and makes it the focus of an intense and visually intoxicating new motor sport. How to Drift: The Art of Oversteer is a comprehensive guide to both the driving technique and car setup

required for drifting. The author defines various precision driving techniques used in drifting and explains them from a racecar driver ' s point of view. How to Drift illustrates the finer elements of car control required in drifting with technical descriptions, detailed line art and intense photography. This book even includes a budget drift car build-up with detailed suspension, chassis, and engine modifications

that will help you turn your economy car into a drift machine— on top of that, there ' s a chapter detailing the finer aspects of an SR20DET swap!

The Used Car Book, 1994
Edmund Publications Corporation

This is the only book that completely lists accurate technical data for all cars imported into the U.S. market from 1946-2000. With many imports approaching the antique status, this book will be a big seller across all generations of

car enthusiasts. From the grandiose European carriages of the late Forties to the hot, little Asian imports of the Nineties, every car to grace American roadways from across the Atlantic and Pacific is carefully referenced in this book. & break; & br eak; Foreign car devotees will appreciate the attention given to capturing precise data on Appearance and Equipment, Vehicle I.D. Numbers, Specification Charts, Engine Data, Chassis, Technical Data, Options and Historical

Information. & break; Collectors, restorers and car buffs will love this key book from noted automotive authors, James Flammang and Mike Covello. Government reports annual index Chilton Book Company

diecast from customizing to collecting. it takes an insider's look at the history behind popular diecast cars and trucks, as well as how each model has helped shape the automotive industry and motor sports Automotive Fuel Economy Program Chilton Book Company Stolen vehicles and stolen lives are abound in this dark and dangerous underground that has taken over our highways and streets, all in the name of fun! A fact filled assault on illegal street racing, drifting, stunting, and even car shows; often

inundated with larceny, deceit, injuries, and death. Exam years of hands on real stories of theft, fraud and the Fast and Fraudulent scene and what can be done to identify problem areas; recover stolen vehicles and parts; identify fraud; save lives; prevent injuries and protect property. This internationally recognized expert has researched every angle of this scene packing pages with facts, investigative techniques and solutions. Over a decade of hands on investigations and requests for training on this scene prompted

this book. With testimonials including such praises as: Mike Bender's presentation concerning the direct link between Street Racing and Auto Crimes is without the doubt the most comprehensive available world wide. Mike's direct knowledge and enthusiasm is very evident in the first minutes of his presentation. As a long time auto crimes investigator and a drag racer I can attest that Mike's program is filled with current and accurate information. This class is a must for any street officer,

auto theft investigator or insurance investigator. A must read for Law Enforcement, Auto Theft Investigators, Insurance Companies, Fraud Investigators, Parents and Educators To view chapter content and learn more about the fatal consequences of illegal street racing go to: <http://protectourstreet.org> and click on the book.
