**Bibliography of Nautical Books** Picador

A collection of wiring diagrams for vintage  
marine motors produced from 1956-1989.

**Cruising World**

A finalist for the National Book Critics Circle  
Award for Criticism, Vivian Gornick's *The End of  
the Novel of Love* explores the meaning of love  
and marriage as literary themes in the twentieth  
century. In *The End of the Novel of Love*, an  
acclaimed and provocative collection of criticism,  
Gornick applies the same intelligence, honesty, and  
insight that define her memoirs to an analysis of  
love and marriage as literary themes in the  
twentieth century. She examines the work and lives  
of several authors she admires—including Grace  
Paley, Willa Cather, Jean Rhys, George Meredith,  
Jane Smiley, Richard Ford, and Andre Dubus—to  
ultimately posit that love, sexual fulfillment, and  
marriage are now exhausted as the metaphorical  
expressions of success and happiness. Spanning the  
depths of common experience and the expanse of  
twentieth century literature, Gornick crafts an  
argument that is as defined by discourse as it is by  
the power of her language, which is gracefully  
poised between objective knowledge and subjective  
experience. In these eleven essays, she comes to  
see that, for most writers, like most readers, it is the  
drama of our angry and frightened selves in the  
presence of love that is our modern preoccupation.  
*The End of the Novel of Love* is a strikingly  
original and thought-provoking collection from a  
canonical critic.

*MotorBoating*

General information, timing, maintenance,  
ignition, trim and tilt, remote control, fuel  
injection and other topics about outboards.

*Popular Mechanics*

SELOC Marine maintenance and repair manuals offer the most comprehensive, authoritative information available for outboard, inboard, stern-drive and diesel engines, as well as personal watercraft. SELOC has been the leading source of how-to information for the marine industry since 1974. Designed and written to serve the needs of the professional mechanic, do-it-yourself boat enthusiast, instructor and student, these manuals are based on actual teardowns done by Chilton Marine's editors/authors in our on-site facility. Providing complete coverage on everything from basic maintenance to engine overhaul, every manual features:

- Simple-to-follow, step-by-step, illustrated procedures
- Hundreds of exploded drawings, photographs and tables
- Troubleshooting sections, accurate specifications and wiring diagrams
- Recognized and used by technical trade schools as well as the U.S. military

Covers all 2-60 Hp, 1 and 2-cylinder models, 2-stroke models. Over 1,180 illustrations

### *Boating*

Provides a guide to the Mercury outboard motor, featuring step-by-step illustrated procedures, trouble-shooting, and wire diagrams.
