Automotive Mechanics Veloce Publishing

This edition of the text covers the latest developments in automotive design, construction, operation, diagnosis, and service. The text integrates the new with the old, simplifying explanations, shortening sentences, and improving readability.

Hundreds of illustrations cover new developments, especially those relating to the foreign automotive industry and federal laws governing automotive air pollution, safety, and fuel economy. The Tenth Edition contains two four-color illustrated sections. Many chapters end with vocabulary words and "think-type" review questions, in addition to the National Institute of Automotive Service Excellence (ASE) style of multiple-choice questions. For schools seeking program certification by the national Automotive Technicians Education Foundation (NATEF), the high-

priority items from their diagnosis, service, and repair task lists have been included.

Billy Lane is the fastest-rising star among the high-profile custom chopper builders, and in this book he offers many of his secrets for building a chopper that will stand out in a crowd. This is the ultimate resource for any chopper builder—a book designed as a step-by-step guide to building any type of custom motorcycle. This book also covers custom-building beyond the chopper genre, including the

building of "bobbers," an old-school style of custom that has been revived as a hot trend. Predating choppers, they are on the cutting edge of current biker "cool", for real riding, and are much safer and more functional than choppers. Billy Lane has been featured several times on the Discovery Channel's top rated series *Biker Build-Off* and the *Monster Garage* premiere episode. Plus, He was *Easyriders*

Builder of the Year, and winner of numerous national Best in Show awards. This book shows Billy's inside secrets of constructing a complete motorcycle, from hand fabricating metalwork to adding the detail parts that will make your bike your own creation and stand out from the crowd. Hundreds of color photographs will lead the builder through the construction process.
