The Bulletin Krause Publications

Automobile sind mehr als reine Gebrauchsgegenstände für die Fortbewegung von einem Ort zum anderen. Zahlreiche Fahrzeuge erlangten Kultstatus, sind das Ziel automobiler Sehnsüchte oder schrieben Technikgeschichte. Dabei wird oft vergessen, dass ein Auto nicht nur wohlgeformtes Blech auf vier Rädern ist, sondern dass in ihm auch ein feuriges Herz in Form eines Motors schlägt. Und kaum eine andere Erfindung hat das 20. Jahrhundert derart beeinflusst wie der Verbrennungsmotor. Dieses Buch ist eine Hommage an den Verbrennungsmotor und das Automobil. Es stellt mehr als 80 Motorenklassiker und die dazugehörigen Fahrzeuge vor. Dabei geht es aber nicht nur um Fahrzeuglegenden, die große Erfolge im Rennsport feierten, sondern auch um Autos und Motoren, die besondere Geschichten erzählen.

for speed, luxury, personal expression, and freedom. For many, the thrill of the drive has eclipsed the pure utility of the automobile. And the pursuit of that thrill is the driving force behind 365 Cars You Must Drive. From the Ford Model T to the Porsche Carrera GT, there are certain cars that any self-respecting auto enthusiast just has to know—and experience from the driver's seat. With homage to the greatest cars and good-natured mockery of the strangest, authors Matt Stone and John Matras detail which cars to drive and why, how to get behind the wheel, where to drive them, and who to invite along for the ride. Each entry contains a colorful spec box noting the car's claim to fame, a Did You Know? factoid, the author's clever suggestions for "The Perfect Passenger" and the "Soundtrack" coming out of the speakers, Behind the Wheel notes, and a "Perfect Drive" for the marque or model covered. Engine details, production information, the price when it debuted and the collectible price now - all of it adds up to at-a-glance fun reading to go with informative essays on each car, archival and full-color photos, and more. See Motorbooks author Matt Stone interviewed by Jay Leno on JayLenosGarage.com: <http://www.jaylenosgarage.com/video/jays-book-club-matt-stone/1164286/>

Springer Nature

It is of central importance for companies to be innovative. To maximize their innovation potential, companies often rely on formal systems and processes for innovation management. It has been shown that such attempts have the side effect of inhibiting a number of valuable innovations. Some employees proceed informally and smuggle their innovations past formal barriers. Stephan Eicher analyses the interaction between bootleggers and their management. Using both qualitative and quantitative methods, he answers three primary research questions. What is
