Enthusiast Books

GIs returning after

World War II created

an entirely new

automotive market

niche when they

bought surplus Jeeps

and began exploring

the rugged

backcountry of the

American West. This

burgeoning market

segment, which

eventually became

known as sport utility

vehicles (SUVs),

numbered about

40,000 units per year

with offerings from

Jeep, Scout, Toyota,

and Land Rover. In

1966, Ford entered

the fray with its

Bronco, offering

increased refinement,

more power, and an

Bronco caught on

quickly and soon

established a

reputation as a solid

backcountry

performer. In Baja,

the legendary

accomplishments of

racers such as Parnelli

Jones, Rod Hall, and

Bill Stroppe further

cemented the

bobtail's reputation

for toughness. Ford

moved upstream with

the introduction of the

larger Bronco for

1978, witnessing a

huge increase in sales

for the second-

generation trucks. The

Twin Traction Beam

front end was

introduced in the third

generation, and

further refinements

including more

aerodynamic styling,

greater luxury, and

more powerful fuel-

injected engines came

on board in the generations that followed. Through it all, the Bronco retained its reputation as a tough, versatile, and comfortable rig, both on and off the paved road. With the reintroduction of the Bronco for 2020, Ford is producing a vehicle for a whole new generation of enthusiasts that looks to bring modern styling and performance to the market while building on the 30-year heritage of the first five generations of the Bronco so dearly loved by their owners. From the development process and details of the first trucks through the 1996 models, author Todd Zuercher shares technical details, rarely seen photos, and highlights of

significant models along with the stories of those people whose lives have been intertwined with the Bronco for many years. This book will have new information for everyone and will be a must-have for longtime enthusiasts and new owners alike!

Ford Ranger, Explorer, and Mountainer, 1991-99 Chilton Book Company

One of the most popular pickup trucks to ever hit the highways and byways was the compact-sized Ford Ranger pickup that was in production from 1983 through 2011. During that

twenty eight year period more than 6 million of them were produced and many of them are still working today. Covers all models of the Ranger from the XL to the sporty Splash, 2-wheel drive and 4-wheel drive models from the earliest days through to the last days when Ford decided to end production. Includes information about standard and optional equipment, specifications and other pertinent facts, over 300 photographs, and also includes Ford's compact-sized sport utility vehicle, the Bronco II, which was based on the Ranger platform.

The Ford Motor Company is once again considering producing a small pickup truck like the Ranger to be marketed throughout North America.
