Isuzu Pickups & Trooper Elsevier Catalyst Deactivation 1994 was an expansion of earlier, highly successful symposia. The objective of the symposium was to promote a scientific approach of the phenomenon of catalyst deactivation which will

contribute to the development of catalysts which are less subject to structural transformations and more resistant to poisons and coke formation. These aspects are dealt with in 12 plenary lectures, 48 oral presentations and 35 poster papers, which were critically selected from an impressive response from some 30 countries. Both fundamental and applied aspects were covered. The deactivation of catalysts in important industrial processes like fluid bed catalytic cracking hydrotreatment, hydrodesulfurization, catalytic reforming,

hydrodenitrogenation, steam reforming, hydrodemetalization, hydrocracking, Fischer-Tropsch synthesis, propane dehydrogenation, phthalic anhydride synthesis received considerable attention.

Mechanisms of poisoning, sintering and coking were further investigated and modelled and new experimental techniques for the characterization and the quantification of deactivation were also introduced.

A pioneer
choreographer in
modern American
dance, Anna Sokolow
has led a bewildering,
active international
life. Her meticulous
biographer Larry
Warren once looked
up Anna Sokolow in
a few reference books
and found that she
was born in three
different years and
that her parents were
from Poland except

when they were in
Russia, and found
many other
inaccuracies. Drawing
on material from
nearly 100 interviews,
Larry Warren has
created a fascinating
account and
assessment of the life
and work of Anna
Sokolow, whose
nomadic career was
divided between New
York, Mexico, and
Israel. Setting her
work on more than 70
dance companies,
Anna Sokolow not
only pioneered the
development of a
personal approach to
movement, which has
become part of the
language of
contemporary dance,
but also created such
masterpieces as
Rooms, dealing with
loneliness and
alienation, and
Dreams, which
concerns the inner

torment of victims of the Nazi Holocaust.
