The Escort RS Cosworth, which started rallying in 1993, was one of the most ingenious designs of all time, and eventually became Ford's most successful since the legendary Escorts of the 1970s. Because it was smaller, lighter, and more nimble than any of the Sierras, the combination of Cosworth power, four-wheel-drive transmission, and an effective aerodynamic package made it a Rally Giant in all conditions. With five World victories in its first season, and success all around the world in later

years, it was seen in every continent, in all conditions. To meet a change in regulations, the Escort World Rally Car took over in 1997, and also enjoyed years of success.
