"Is titanium for you? Can better brakes reduce lap times significantly? How do you choose the rights nuts and bolts? Which is more important, cornering or straight-line speed? Why did it break again? Engineer to Win not only answers these and many other questions, it gives you the reasons why."--Back cover

*Complete Diaries* HP Trade

A fascinating true-crime narrative about the first rabbi ever accused of murder and what the case says about the role of clergy in America. On the evening of November 1, 1994, Rabbi Fred Neulander returned home to find his wife, Carol, facedown on the living room floor, blood everywhere. He called for help, but it was too late. Two trials and eight years later, the founder of the largest reform synagogue in southern New Jersey became the first rabbi ever convicted of murder and sentenced to life in prison. In a gripping examination of the misuses of the pulpit and the self-delusions of power, Arthur J. Magida paints a devastating portrait of a manipulative man who used his position of trust in the temple to attract several mistresses -- and to befriend a lonely recovering alcoholic, whom he convinced to kill his wife "for the good of Israel." The Rabbi and the Hit Man straddles the juncture of faith and trust, and confronts issues of sex, narcissism, arrogance, and adultery. It is the definitive account of a charismatic clergyman who paid the ultimate price for ignoring his own words of wisdom: "We live at any moment with our total past ... What we do will stay with us forever."

Explores how humor can be explained across the various sub-disciplines of linguistics, in order to aid communication.

A Santali-English Dictionary Harper Perennial

Baseball during the Great Depression of the 1930s galvanized communities and provided a struggling country with heroes. Jewish player Hank Greenberg gave the people of Detroit—and America—a reason to be proud. But America was facing more than economic hardship. Hitler ’ s agenda heightened the persecution of Jews abroad while anti-Semitism intensified political and social tensions in the U.S. The six-foot-four-inch Greenberg, the nation ’ s most prominent Jew, became not only an iconic ball player, but also an important and sometimes controversial symbol of Jewish identity and the American immigrant experience. Throughout his twelve-year baseball career and four years of military service, he heard cheers wherever he went along with anti-Semitic taunts. The abuse drove him to legendary feats that put him in the company of the greatest sluggers of the day, including Babe Ruth, Jimmie Foxx, and Lou Gehrig. Hank ’ s iconic status made his personal dilemmas with religion versus team and ambition versus duty national debates. Hank Greenberg is an intimate account of his life—a story of integrity and triumph over adversity and a portrait of one of the greatest baseball players and most important Jews of the twentieth century. The Rabbi and the Hit Man Penguin

The hilarious, take-no-prisoners novel about a cynical, sex-obsessed teenager's pining love for an intelligent girl—the basis for the major motion picture starring Michael Cera. Youth in Revolt is the journals of Nick Twisp, California's most precocious diarist, whose ongoing struggles to make sense out of high school, deal with his divorced parents, and lose his virginity result in his transformation from an unassuming fourteen-year-old to a modern youth in open revolt. As his family splinters, worlds collide, and the police block all routes out of town, Nick must cope with economic deprivation, homelessness, the gulag of the public schools, a competitive type-A father, murderous canines, and an inconvenient hair trigger on his erectile response—all while vying ardently for the affections of the beauteous Sheeni Saunders, teenage goddess, and ultimate intellectual goad.

An Agricultural Policy for Canada McFarland

"I have to be honest with you. Islam is on very thin ice with me....Through our screaming self-pity and our conspicuous silences, we Muslims are conspiring against ourselves. We're in crisis and we're dragging the rest of the world with us. If ever there was a moment for an Islamic reformation, it's now. For the love of God, what are we doing about it?" In blunt, provocative, and deeply personal terms, Irshad Manji unearths the troubling cornerstones of mainstream Islam today: tribal insularity, deep-seated anti-Semitism, and an uncritical acceptance of the Koran as the final, and therefore superior, manifesto of God. In this open letter to Muslims and non-Muslims alike, Manji asks arresting questions. "Who is the real colonizer of Muslims - America or Arabia? Why are we all being held hostage by what's happening between the Palestinians and the Israelis? Why are we squandering the talents of women, fully half of God's creation? What's our excuse for reading the Koran literally when it's so contradictory and ambiguous? Is that a heart attack you're having? Make it fast. Because if more of us don't speak out against the imperialists within Islam, these guys will walk away with the show." Manji offers a practical vision of how the United States and its allies can help Muslims undertake a reformation that empowers women, promotes respect for religious minorities, and fosters a competition of ideas. Her vision revives Islam's lost tradition of independent thinking. This book will inspire struggling Muslims worldwide to revisit the foundations of their faith. It will also compel non-Muslims to start posing the important questions without fear of being deemed "racists." In more ways than one, The Trouble with Islam is a clarion call for a fatwa-free future.

Twelve Years a Slave Univ of California Press

"One of the most remarkable books of contemporary Mexican literature, The Obstacles is the story of young writers coming of age in a world dominated entirely by their own fictions. It tells, in alternating chapters, the stories of two teenagers, Ricardo and Elias, who are characters in each others' novels. Ricardo lives in Mexico City with his mother, who is mourning the recent death of her husband. Elias, an orphan, lives in Las Remoras, a town on the Baja Peninsula that has been invented and meticulously imagined by Ricardo. Blurring our notions of reality and fiction, Eloy Urroz takes the reader into a world where characters invent characters and challenge their creators. And the book's conclusion--in which a surprising connection between Ricardo and Elias is revealed--shows that not even fiction can be controlled in a world of such incredible unpredictability."--Publisher's website.

Longman Student Grammar of Spoken and Written English Lindhardt og Ringhof

I have physical scars from past surgeries, however, I have emotional scars as well. They were buried deep inside (hidden). It wasn't until my mother died was I able to "catch my breath" and to make sense of or process the emotional pain I had endured due to her prescription drug addiction, resulting in my own addictions.

Ties That Bind Dalkey Archive Press

From acclaimed sports writer and bestselling author Jeff Pearlman, a searing and insightful look into the life and career of Barry Bonds, one of the most celebrated, contradictory and controversial sports figures of our time No player in the history of baseball has left such an indelible mark on the game as Barry Bonds. In his twenty-year career, Bonds has amassed an unprecedented 7 Most Valuable Player awards, 8 Gold Gloves, and more than 700 home runs (and counting), an impressive assortment of feats that has earned him the consideration as one of the greatest players the game has ever seen. Equally deserved, however, is his reputation as an insufferable braggart, whose mythical home runs are rived only by his legendary ego. From his staggering ability and fabled pedigree (father Bobby played outfield for the Giants; cousin Reggie and godfather Willie are both Hall of Famers), to his well-documented run-ins with teammates and his alleged steroid abuse, Bonds inspires a like amount of passion from both sides of the fence. For many, Bonds belongs beside Babe Ruth and Hank Aaron in baseball ' s holy trinity; for others, he embodies all that is wrong with the modern athlete: aloof; arrogant; alienated. Drawing on extensive interviews with Bonds himself, members of his family, former and current managers, teammates, opponents, trainers, outspoken critics, and unapologetic supporters alike, Pearlman reveals, for the first time, a wonderfully nuanced portrait of a prodigiously talented—and immensely flawed—American icon, whose controversial run at baseball immortality forever changed the way we look at our sports heroes.
