Daily Graphic

This is the only book that completely lists accurate technical data for all cars imported into the U.S. market from 1946-2000. With many imports approaching the antique status, this book will be a big seller across all generations of car enthusiasts. From the grandiose European carriages of the late Forties to the hot, little Asian imports of the Nineties, every car to grace American roadways from across the

Atlantic and Pacific is carefully referenced in this book.

& break; & break; Foreign car devotees will appreciate the attention given to capturing precise data on Appearance and Equipment, Vehicle I.D. Numbers, Specification Charts, Engine Data, Chassis, Technical Data, Options and Historical Information.

& break; & break; Collectors, restorers and car buffs will love this key book from noted automotive authors, James Flammang and Mike Covello.

Gale's Auto Sourcebook 2  
NEW YORK TIMES

**BESTSELLER • REESE'S BOOK CLUB PICK •**  
“ Delightful . . . [a] captivating and slyly subversive fictional paean to the real women whose work on the Oxford English Dictionary went largely unheralded. ” —The New York Times Book Review “ A marvelous fiction about the power of language to elevate or repress. ” —Geraldine Brooks, New York Times bestselling author of People of the Book Esme is born into a world of words. Motherless and irrepressibly curious, she

spends her childhood in the Scriptorium, an Oxford garden shed in which her father and a team of dedicated lexicographers are collecting words for the very first Oxford English Dictionary. Young Esme's place is beneath the sorting table, unseen and unheard. One day a slip of paper containing the word bondmaid flutters beneath the table. She rescues the slip and, learning that the word means “ slave girl, ” begins to collect other words that have been discarded or neglected by the dictionary men. As she

---

grows up, Esme realizes that words and meanings relating to women ' s and common folks ' experiences often go unrecorded. And so she begins in earnest to search out words for her own dictionary: the Dictionary of Lost Words. To do so she must leave the sheltered world of the university and venture out to meet the people whose words will fill those pages. Set during the height of the women ' s suffrage movement and with the Great War looming, The Dictionary of Lost Words reveals a lost narrative, hidden

between the lines of a history written by men. Inspired by actual events, author Pip Williams has delved into the archives of the Oxford English Dictionary to tell this highly original story. The Dictionary of Lost Words is a delightful, lyrical, and deeply thought-provoking celebration of words and the power of language to shape the world.
