Grace Before Dying tells the emotional story of an extraordinary breakthrough in humanity that has helped to transform one of the most dangerous maximum security prisons in the US, the Louisiana State Penitentiary at Angola, into one of the least violent. Award-winning photographer Lori Waselchuk not only shows a culture of caring and compassion that challenges stereotypes of the incarcerated, but also provides an intimate and personal perspective on what long-term and life sentences signify from those inside. Includes an essay by prominent historian Lawrence N. Powell.

Ant Anstead's Building a Special brings the Haynes story full circle, coming 61 years after the original Building a 750 Special was written by John Haynes, Haynes Publishing's founder, when he was still a schoolboy. This book is a TV tie-in, following the 12-part TV series Ant Anstead Master Mechanic, aired on Motor Trend, part of the Discover Network in the US and UK, following Ant Anstead's build of his own-design 'special' car, taking inspiration

from the Alfa 158 - the chassis, the first World Championship-winning F1 car, which raced from the 1930s until the 1950s. The 12-part TV series followed Ant's build of the car, from the first design ideas, through the construction, culminating in the debut of the car during the 2019 US Grand Prix weekend in Austin, Texas. The book follows Ant's personal build of the car, from the selection of the donor MG TD for the chassis, and Alfa Romeo Spider for the engine and gearbox, through modifying

building the suspension, steering, brakes, bodywork and interior, and putting all the components together to produce a finished one-off 'special.' Content includes:

- Introduction
- The history of specials
- Planning Donor car
- Chassis, suspension, steering, rear axle
- Engine, fuel system, cooling system, ancillaries, exhaust
- Gearbox
- Bodywork
- Braking system
- Cockpit
- Wiring
- Preparation and painting
- Testing
- Setting up

and Making road legal.

How do the rich get rich? An
updated edition of the
“ remarkable ” New York

Times bestseller, based on two
decades of research (The
Washington Post). Most of the
truly wealthy in the United
States don ’ t live in Beverly
Hills or on Park Avenue. They
live next door. America ’ s
wealthy seldom get that way
through an inheritance or an
advanced degree. They
bargain-shop for used cars,
raise children who don ’ t
realize how rich their families
are, and reject a lifestyle of
flashy exhibitionism and
competitive spending. In fact,
the glamorous people many of
us think of as “ rich ” are
actually a tiny minority of
America ’ s truly wealthy
citizens—and behave quite
differently than the majority.
At the time of its first
publication, *The Millionaire
Next Door* was a
groundbreaking examination
of America ’ s rich—exposing
for the first time the seven
common qualities that appear
over and over among this

exclusive demographic. This edition includes a new foreword by Dr. Thomas J. Stanley—updating the original content in the context of the financial crash and the twenty-first century. “ Their surprising results reveal fundamental qualities of this group that are diametrically opposed to today ’ s earn-and-consume culture. ” —Library Journal
