The Bombardier Story Haynes

For Harley-Davidson aficionados,

the very name Sportster conjures  
an image of a fire-breathing  
mechanical beast scorching the  
world ' s tarmac image the  
Sportster itself often does not live  
up to. Straight from the factory, in  
its standard form, the Sportster  
routinely proves an entry-level  
motorcycle providing a relatively  
tame ride. This book aims to  
change all that and to show every  
Sportster rider how to free the  
beast in his or her bike. With  
expert, detailed advice on the  
proper mechanical massaging and  
plenty of helpful diagrams and  
photos this updated, third edition  
of Buzz Buzzelli's best-selling  
handbook shows how the  
Sportster can be transformed into  
the superbike of old. Including a  
history of the Sportster from its  
birth in 1957 to the recent  
introduction of a new engine (only  
the third in its long life), this book  
has everything it takes to open up  
the gates of hell and give the  
Sportster its head.
