This 1995 Alfa Romeo 164 Quadrifoglio is the top shelf model of Alfa Romeo's flagship in the U.S. in the mid 90s. A rare car to find today in any condition, this example appears to be well maintained and features the preferred manual gearbox. I've lusted after the 164s for a number of years now, and if it weren't for fears of limited parts supply and somewhat sketchy reliability even in cases of cars that were at least casually maintained, I'd own one by now.
