Theraplay est une méthode de thérapie par le jeu largement utilisée dans les pays anglo-saxons, qui s'appuie sur le travail d'Ann Jernberg. Cette méthode se base sur la façon naturelle et ludique dont se déroulent les interactions entre enfants et parents pour proposer un soutien aux familles en difficulté et les aider à développer réactivité et structure essentielles pour le développement de l'enfant. Theraplay montre concrètement aux parents comment utiliser le jeu pour communiquer amour et autorité et pour guider leur enfant dans des interactions qui développeront ses compétences, son estime et sa confiance en lui. Reprise par Phyllis Booth et complétée par les dernières recherches sur l'attachement et les effets du stress/traumatisme sur le développement de l'enfant, cette nouvelle édition propose de nombreuses vignettes cliniques ainsi que des appendices proposant des activités concrètes en fonction de l'âge et des dimensions Theraplay. Cet ouvrage intéressera tous les thérapeutes d'enfants et les professionnels amenés à côtoyer régulièrement des enfants dans leur pratique (psychiatres, psychologues, travailleurs sociaux, éducateurs, infirmières pédiatriques, orthophonistes, kinésithérapeutes...). Il apportera également de nombreux conseils aux parents désireux d'en apprendre plus sur la relation parents-enfant.

Backpacker brings the outdoors straight to the reader's doorstep, inspiring and enabling them to go more places and enjoy nature more often. The authority on active adventure, Backpacker is the world's first GPS-enabled magazine, and the only magazine whose editors personally test the hiking trails, camping gear, and survival tips they publish. Backpacker's Editors' Choice Awards, an industry honor recognizing design, feature and product innovation, has become the gold standard against which all other outdoor-industry awards are measured.

Municipal Engineering

How Cars Work is a completely illustrated primer describing the 250 most important car parts and how they work. This mini test book includes wonderfully simple line drawings and clear language to describe all the automotive systems as well as a glossary, index, and a test after each chapter. How Cars Work provides the basic vocabulary and mechanical knowledge to help a reader talk intelligently with mechanics understand shop manuals, and diagnosis car problems. Tom Newton guides the reader with a one topic per page format that delivers information in bite size chunks, just right for teenage boys. How Cars Work was the most stolen book at Kennedy High School in Richmond California! Teachers like our title and so do librarians. The History channel, Modern Marvels-2000, Actuality Productions, Inc is using How Cars Work to train staff for a documentary on automobiles.
