The Illustrated Directory of American Automobiles David and Charles

We were blessed to grow up in Roman Catholic families, and were married in the Church in 1960. Barb gave birth to six children during the next ten years. During this time, we made eight physical household moves, four of the relocations were made with newborn babies in tow! In 1974, we made the difficult decision to leave the Catholic Church, and have been

actively involved in Bible Churches ever since. Who would believe our schedule? We participated in every type of volunteer service available, including: basketball and soccer coach, Girl Scout leader, Sunday school teachers, and always time for family dinners. Barb was a stay-at-home mom, and eventually achieved an Interior Design degree. I worked for one employer for almost 50 years, which included five different companies, and positions from Apprentice to Director. Now comes our together time. In 1985, Barb started to accompany me on business travel trips. We have traveled extensively: Europe, Canada, Alaska, Mexico, Caribbean, China, Russia and South Africa. Along the way, we have owned 36 automobiles, one truck and one motorcycle. Please come along for the ride of our lifetimes; we hope that you will enjoy it half as much as

we have!

Buick Muscle Cars Penguin

Irregular news releases from the National Highway Traffic Safety Administration.
AAMA Specifications Form - Passenger Car; Buick Riviera. 1996

A world list of books in the English language.

Black Enterprise

Rome wasn't built in a day, and, similarly, the dream of developing a world class American sports car took time and effort. Harley Earl and Ed Cole gave Corvette a push start, and Zora Arkus Duntov took the Plastic Fantastic into orbit, based on the combination of excellent design and hardware, as well as the racing achievements that followed. Once established, the Corvette became a Chevrolet icon, utilised by Bow Tie and GM marketing to benefit the automaker. However, Corvette was no loss leader, it earned its keep and the respect of industry commentators. The Corvette maintained all these qualities despite the triple whammy of insurance

rate hikes, emissions controls and fuel crises, and survived into the '80s with a fresh design that took on all sports car competitors. Archive images, independent testing, and the viewpoints of Chevrolet and auto industry personalities illustrate the rise and rise of America's only sports car, including a substantial mid-engine genesis. Marc Cranswick's original commentary pays homage to the Corvette as an enduring glamor icon and the ultimate dream machine!
