Planning Job Choices Brooklands Books

An award-winning scientist offers his unorthodox approach to childrearing: "Parentology is brilliant, jaw-droppingly funny, and full of wisdom...bound to change your thinking about parenting and its conventions" (Amy Chua, author of *Battle Hymn of the Tiger Mother*). If you're like many parents, you might ask family and friends for advice when faced with important choices about how to raise your kids. You might turn to parenting books or simply rely on timeworn religious or cultural traditions. But when Dalton Conley, a dual-doctorate scientist and full-blown nerd, needed childrearing advice, he turned to scientific research to make the big decisions. In *Parentology*, Conley hilariously reports the results of those experiments, from bribing his kids to do math (since studies show conditional cash transfers improved educational and health outcomes for kids) to teaching them impulse control by giving them weird names (because evidence shows kids with unique names learn not to react when their peers tease them) to getting a vasectomy (because fewer kids in a family mean smarter kids). Conley encourages parents to draw on the latest data to rear children, if only because that level of engagement with kids will produce solid and happy ones. Ultimately these experiments are very loving, and the outcomes are redemptive—even when Conley's sassy kids show him the limits of his profession. *Parentology* teaches you everything you need to know about the latest literature on parenting—with lessons that go down easy. You'll be laughing and learning at the same time.

Air Pollution Haynes Publishing UK

This author has written a straight forward, no holds barred, accounting of his struggle, and his reaction to a diagnosis of prostate cancer. He was astonished to learn that he, a medical neophyte, would have the task of making the treatment decision himself. This journal takes the reader through more than four years of his extensive emotional ups and downs as he shares, in detail, his experiences in this effort to win his battle.

Evaluates the latest models of American and imported cars, discussing strong and weak points of each model, fuel economy, cargo space, and more

The CLOCK REPAIRER'S MANUAL iUniverse

Learn how to rebuild and upgrade your Buick Nailhead with the first book ever dedicated to the subject! In this all-new book from Nailhead racer and veteran engine builder Gary Weldon, you will learn everything you need to know about how to rebuild and upgrade the venerable Buick Nailhead engine. Weldon takes you through each step, including a review of the birth of the Nailhead, the benefits of its unique design, serial and casting number information to source and identify the best project, and a history of the engine in development. Also covered are the processes of rebuilding, including disassembly, inspection, sourcing the best parts, making critical upgrades, reassembly, and break-in. Of course, all the machine shop work is covered, and practical advice on building engines for competition is provided. The Nailhead was a throwback to the early overhead-valve engine design, and that unique design makes it a popular choice for period-correct hot rod projects. In addition, if your torquey Nailhead resides between the fenders of a Buick Special, LeSabre, Invicta, Roadmaster, Riviera, Century, Skylark, Wildcat, or Electra 225, this book will help you keep that old beauty on the road.

Parentology Sourcebooks, Inc.

A new, emotional novel from Stacie Ramey, the author of *The Sister Pact* They say you can never go home-and John's about to find out just how true that is. John's mother kicked him out of the house when she couldn't handle his anger, and John's spent the last few years bouncing between relatives. But after his last scrape with the law, there's nowhere for him to go but home. Starting senior year at a new high school and fitting into the family that shut him out is a challenge. And it's all that John can do to keep from turning back to bad habits. Lacrosse training helps him focus. As does Emily, the girl next door. She's sweet and smart, and makes him think his heart may finally be healing. Maybe he's ready to trust again. But tragedy has a way of finding John, and he must decide between saving his family or saving himself. "A powerful story of redemption, forgiveness, love, and the ability to persevere."-VOYA on *The Sister Pact*

[VW Golf, GTI, Jetta and Cabrio, 1999 Thru 2002](#) Haynes Manuals N. America, Incorporated

In *The Clock Repairer's Manual*, Mick Watters explains how to approach all aspects of clock repair, maintenance and cleaning with confidence. For anyone who has ever considered clock repair as a hobby or a profession, as well as those under initial training and for the existing repairer, this comprehensively illustrated and detailed manual will be a useful reference. Topics covered include the typical clock movement; dismantling, cleaning and reassembling; striking and chiming clocks; repairing worn pivots and bushing and escapements, staff fitting and jewellery.
