Part of the popular Today's Technician series, this advanced text provides an in-depth guide to performance-related topics such as drivability, emissions testing, and engine diagnostics. In addition to a thorough review of on-board diagnostic generation II (OBD II) continuous monitors and non-continuous monitors strategies, the text includes a chapter on emission control and evaporative systems, as well as detailed information on OBD II generic diagnostic trouble codes (DTC) identification and diagnosis and malfunction

indicator light strategies. To help readers gain essential knowledge while honing practical job skills, the text includes both a Classroom Manual and a hands-on Shop Manual. The Second Edition also features new and updated material to help readers master the latest technology and industry trends, including expanded coverage of variable valve and camshaft timing designs, a review of variable displacement and variable lift engine designs currently in production, and discussion of advanced use of on-board diagnostic scanners and digital storage oscilloscopes. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Harness the guiding powers of numerology to better understand yourself, and your life, more fully—from your purpose and goals to your talents and karmic patterns. Spiritual seekers are feeling an increasingly strong urge from within to connect with and manifest their life purpose. They are seeking out tools and knowledge to awaken to this purpose and are doing whatever it takes to achieve this. A soul contract reading is an accurate, in depth, channeled system of spiritual interpretation that will empower you by decoding the secrets of the blueprint of your life hidden within your birth name. It is based on an ancient system of numerology that uses Hebrew glyphs, revealing the true essence of the reader's life purpose as well as their karma, talents,

and goals. This will show you the karmic patterns you face, the talents you can use to overcome them, the goals you are trying to achieve, and your soul destiny. This book will enable you to discover why you are in the perfect place in your life—and will empower you to move forward from there. Your Soul Contract will place your entire life in context, enabling you to navigate your life properly for the first time.

Auto Repair For Dummies, 2nd Edition (9781119543619) was previously published as Auto Repair For Dummies, 2nd Edition (9780764599026). While this version features a new Dummies cover and design, the content is the same as the prior release and should not be considered a new or updated product. The top-selling auto repair guide--400,000 copies sold--now

extensively reorganized and updated

Forty-eight percent of U.S. households perform at least some automobile maintenance on their own, with women now accounting for one third of this \$34 billion automotive do-it-yourself market. For new or would-be do-it-yourself mechanics, this illustrated how-to guide has long been a must and now it's even better. A complete reorganization now puts relevant repair and maintenance information directly after each automotive system overview, making it much easier to find hands-on fix-it instructions. Author Deanna Sclar has updated systems and repair information throughout, eliminating discussions of carburetors and adding coverage of hybrid and

---

alternative fuel vehicles. She's also revised schedules for tune-ups and oil changes, included driving tips that can save on maintenance and repair costs, and added new advice on troubleshooting problems and determining when to call in a professional mechanic. For anyone who wants to save money on car repairs and maintenance, this book is the place to start. Deanna Sclar (Long Beach, CA), an acclaimed auto repair expert and consumer advocate, has contributed to the Los Angeles Times and has been interviewed on the Today show, NBC Nightly News, and other television programs.
