The Model Rules of Professional Conduct provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

Pontiac GTO Restoration Guide 1964-1972 R. R. Bowker

The Trans Am and Firebird were distinctly different from their cousin, the Chevy Camaro, and many Trans Am and Firebird models became stand-out muscle cars of their era. In fact, when the high-performance wars in Detroit subsided in the early 1970s, the Trans Am remained as the sole surviving muscle car. Some second-generation Pontiac F-Body cars are affordable while others are extremely rare and valuable. In particular, the 1970-1974 Pontiac Ram Air IV, H.O. and Super Duty Trans Ams, 1970-1973 Firebird Formulas, and 1976 Firebird Limited Editions command high sale prices while the late 1970s Trans Am 6.6 "Smokey and the Bandit" cars are still affordable and appreciating in value. Melvin Benzaquen of Classic Restoration Enterprises has restored dozens of these cars. In this revealing guide, all crucial aspects of restoration are covered, including engine, driveline, interior, trim, electrical system, brakes, steering, and suspension. A special focus is placed on performing common body restoration procedures. Chapters also include VIN decoding, planning, preparation, tools, and painting techniques. Step-by-step photos accompanied by in-depth and detailed captions explain how to perform each stage of the restoration process. Pontiac Trans Am and Firebird owners are loyal and dedicated to the preservation of these storied high-performance models and therefore demand an accurate and faithful restoration. The magnitude and variety of work in the restoration

process can be overwhelming and that's why a complete restoration guide by an acknowledged expert is so important. Now, in this authoritative and comprehensive guide, you have the tools you need to get started on your Trans Am or Firebird restoration.

This unique hands-on lab manual in child development provides great ideas and resources for teaching research courses involving child subjects. It includes projects in psychomotor/perceptual, cognitive, and social development. Projects are preceded by background essays on the history of that topic, related research, theoretical issues, and controversies. Each project has hypotheses to test, detailed procedures to follow, all stimuli, individual and group data sheets, empty tables, suggested statistics, discussion questions, and an updated bibliography. Special features of this second edition: *The introductory text portion details research considerations, including an introduction to psychological research, sections on developmental research, children as subjects, and general experimental research procedures. *The popular Infant Observation project has the student visit homes with babies for a semester and provides practice in observational data collection, reliability assessment, and report writing. *The cognitive development section includes two new subfields: Theory of Mind and Language--Children's Interpretation of the Word Big, in addition to classic studies of Piaget's spatial perspective-taking and attention and memory. The final chapter describes a suggested neuropsychological project. *The socialized child section includes a new study on sibling relationships as seen by the older or younger sibling, in addition to the earlier projects on self-esteem, sex identity, and cooperation-competition. The final section describes a suggested cross-cultural interview project.
