When 'Holden Days' was released, Don Loffler had no idea that he would receive many new images from readers generally and, in particular, from the relatives and friends of those whose images appear in the book. In addition, he kept locating new images through his own research. 'Holden Snapshots' is the result of all this.

This new volume in the Encyclopaedia of Sports Medicine series, published under the auspices of the International Olympic Committee, provides a state-of-the-art account of the epidemiology of injury across a broad spectrum of Olympic sports. The book uses the public health model in describing the scope of the injury problem, the associated risk factors, and in evaluating the current research on injury prevention strategies described in the literature. Epidemiology of Injury in Olympic Sports comprehensively covers what is known about the distribution and determinants of injury and injury rates in each sport. The editors and contributors have taken an evidence-based approach and adopted a uniform methodology to assess the data available. Each chapter is illustrated with tables which make it easy to examine injury factors between studies within a sport and between sports. Jamboree! To many country music fans the word conjures up memories of Saturday nights around the family radio listening to live broadcasts from that haven of hillbilly music, West Virginia. From 1926 through the 1950s, as Ivan Tribe shows in his lively history, country music radio programming made the Mountain State a mecca for country singers and instrumentalists from all over America. Wilma Lee and Stoney Cooper, Little Jimmy Dickens, Hawkshaw Hawkins, Red Sovine, Blaine Smith, Curly Ray Cline, Grandpa Jones, Cowboy Loye, Rex and Eleanor Parker, Lee Moore, Buddy Starcher, Doc and Chickie Williams, and Molly O'Day were among the many who came to prominence via West Virginia radio. Wheeling's

"WWVA jamboree," first broadcast in 1933, attracted a wide audience, especially after 1942, when the station increased its power. The show's success spawned numerous competitors, as new stations all over West Virginia followed WWVA's lead in headlining country music. The state also played an important role in the early recording industry. The Tweedy Brothers, Frank Hutchison, Roy Harvey, Blind Alfred Reed, Frank Welling and John McGhee, Cap and Andy, and the Kessinger Brothers were among West Virginians whose waxings contributed to the state's reputation for fine native musicianship. So too did those who sought out and recorded the Mountaineer folksong heritage. As Nashville's dominance has grown since the 1960s, West Virginia's leadership in country music has lessened. Young performers must now seek fame outside their native state. But, as Ivan Tribe demonstrates, the state's numerous outdoor festivals continue to keep alive the heritage of country music's "mountain mama." Holden Monaro 1968-2004 Penguin

The hunt for the most prolific American arsonist of the twentieth century—in this Edgar Award–winning true crime story that’s “stranger than fiction” (The New York Times). From Joseph Wambaugh, the #1 New York Times–bestselling author of such classics as *The Onion Field* and *The Choirboys*, comes the extraordinary story of the chase for the “Pillow Pyro,” led by one ambitious firefighter. Growing up in Los Angeles, John Orr idolized law enforcement. However, after being rejected by both the LAPD and LAFD, he settled for a position with the Glendale Fire Department. There, he rose through the ranks, eventually becoming a fire captain and one of Southern California’s

best-known and most respected arson investigators. But Orr led another, unseen life, one that included womanizing and an insatiable thirst for recognition. While Orr busted a slew of petty arsonists, there was one serial criminal he could not track down. Nothing was safe from the so-called Pillow Pyro’s obsession. Homes, retail stores, and fields of dry brush all went up in flames. His handiwork led to millions of dollars worth of property damage and the deaths of four innocent bystanders. But after years of evading the police, he made a mistake—one that would turn Orr’s life upside down. The Washington Post raves, “When [Joseph Wambaugh] talks about the culture of cops versus the culture of firemen, we get no speculation, only hard-earned details.” Based on meticulous research, interviews, case records, and thousands of pages of court transcripts, *Fire Lover* is Wambaugh at his best.
