1966 through to 1975. Originally designed to slot into the Lotus range below the Elan as a low cost replacement for the Lotus 7, the Europa eventually sat alongside the Elan and Plus 2 as a comparable sports car in its own right. Starting with the design philosophy behind the development of the Europa, this book provides detailed technical descriptions of all the major versions of the model, starting with the Renault-powered Series 1 through to the Lotus Twin Cam powered Special. It looks at the cars on the road, and the racing Type 47 derived from the road cars which competed in the small capacity Group 6 class, as well as featuring in historic racing today. With owners '

impressions and interviews with ex-Lotus employees, the book provides a valuable insight into owning, running, and racing these iconic cars.

The Book of the Mazda MX-5 Miata Motorbooks
Researched and written in Japan with the full co-operation of the factory, The Book of the Mazda MX-5 Miata is the definitive story of the second generation of Mazda's MX-5 - the car that re-invented the affordable lightweight roadster, a species that was thought to be extinct as the 1990s drew near.
