2008 Outstanding Academic Title, Choice Magazine From dirt bikes and jet skis to weed wackers and snowblowers, machines powered by small gas engines have become a permanent—and loud—fixture in American culture. But fifty years of high-speed fun and pristine lawns have not come without cost. In the first comprehensive history of the small-bore engine and the technology it powers, Paul R. Josephson explores the political, environmental, and public health issues surrounding one of America's most dangerous pastimes. Each chapter tells the story of an ecosystem within the United States and the devices that wreak havoc on it—personal watercraft (PWCs) on inland lakes and rivers; all-terrain vehicles (ATVs) in deserts and forests; lawn mowers and leaf blowers in suburbia. In addition to environmental impacts, Josephson discusses the development and promotion of these technologies, the legal and regulatory efforts made to improve their safety and environmental soundness, and the role of owners' clubs in encouraging responsible operation. Synthesizing information from medical journals, recent environmental research, nongovernmental organizations, and manufacturers, Josephson's compelling history leads to one irrefutable conclusion: these machines cannot be operated without loss of life and loss of habitat.

Ker-SPLASH! is an up-to-date, comprehensive look at the hobby and sport of recreational boating and water skiing. It is intended as a guide for both the neophyte and the experienced recreational power boater. The book includes detailed instructions for: (1) Selecting and buying a boat; (2) Making an intelligent engine choice; (3) Selecting boating accessories; (4) Choosing skis, boards, and towables; (5) Selecting a personal slalom ski; (6) Learning to ski and towing a skier; (7) Learning to slalom; (8) Riding and towing other water toys; and (9) Maintenance and safety issues. Ker-SPLASH! covers these types of recreational powerboats: sterndrive runabouts, tournament ski boats, mini-jet boats, personal watercraft, offshore performance boats, deck and pontoon boats, outboard ski boats, fish 'n' ski boats, and cuddly cabins. Comparative descriptions and contact addresses of the major boat, ski, wakeboard, and accessory manufacturers are included. Ker-SPLASH is not only a reference guide, but it also includes down-to-earth information and entertaining boating stories.
