1997 Audi A4 Oil Level Sensor O Ring Manual

When he got to our house we checked the level in the MMI, and he had the same thing as you - the oil level didn't register at all. We started the car and let it warm up again and still no reading, but also no more message about low oil level. We ended up putting 1/2 quart in, and then the MMI reported that it was just under max level.

I recently bought a Audi A4 (B7) 2007 S-Line TDI 2.0
170BHP with 73k miles about three months ago from auction,
etc. I was driving to work on the M25 for the first time in this
car everything has been running fine on it, suddenly I get red
flashing oil pressure light, and absolutely no power when I put
my foot down.
