The Cadillac story is more than the  
story of a car company. It is, in  
many ways, the story of the  
American automobile industry  
itself—which, as much as any  
industry, drove America ' s growth  
in the twentieth century and defined  
who we are as a people. For

generations of Americans, Cadillac epitomized expansive prosperity. This illustrated history of Cadillac presents all the triumphs and failures of the marque 's last sixty years; from the good times, through the disastrous 1980s, and up to the current reconstitution of the brand.
