The foundation of the European Union was one of the most important historical events in the second half of the 20th century. In order to fully appreciate the modern state of the EU, it is crucial to understand the history of European integration. This accessible overview differs from other studies in its focus on the major roles played by both the United States and European multinational corporations in the development of the European Union. Chronologically written and drawing on new findings from two major archives (the archives of the US State Department and Archive of European Integration), this book sheds crucial new light on the integration process. The History of European Integration offers a major contribution to our understanding of Europe 's postwar history, and will be essential reading for any student of postwar European History, Contemporary History, European Politics and European Studies.

VW Golf/Jetta/Cabriolet, 1990-93 Raintree

Handbook of Diesel Engines Bay View Books

The future of the free market depends on fair, honest business practices. *Business Ethics: Contemporary Issues and Cases* aims to deepen students' knowledge of ethical principles, corporate social responsibility, and decision-making in all aspects of business. The text presents an innovative approach to ethical reasoning grounded in moral philosophy. Focusing on corporate purpose—creating economic value, complying with laws and regulations, and observing ethical standards—a decision-making framework is presented based upon Duties-Rights-Justice. Over 40 real-world case studies allow students to grapple with a wide range of moral issues related to personal integrity, corporate values, and global capitalism. Richard A. Spinello delves into the most pressing issues confronting businesses today including sexual harassment in the workplace, cybersecurity, privacy, and environmental justice. Give your students the SAGE edge! SAGE edge offers a robust online environment featuring an impressive array of free tools and resources for review, study, and further exploration, keeping both instructors and students.
