How to Test and Replace an Engine Coolant Temperature Sensor P0115 / P0125

I have a 1998 Acura CL and the temperature guage in the dash board is no longer providing a reading. As far as I can tell all the other gauges are working and the car is running just as it did prior. I did check one of the fuses (the one I think would control the temp guage but not sure) to see if that could be the problem but the fuse was fine.
