Storming Las Vegas Ballantine Books

How do the rich get rich? An updated edition of the " remarkable " New York Times bestseller, based on two decades of research (The Washington Post). Most of the truly wealthy in the United States don ' t live in Beverly Hills or on Park Avenue. They live next door. America ' s wealthy seldom get that way through an inheritance or an advanced degree. They bargain-shop for used cars, raise children who don ' t realize how rich their families are, and reject a lifestyle of flashy exhibitionism and competitive spending. In fact, the glamorous people many of us think of as " rich " are actually a tiny minority of America ' s truly wealthy citizens—and behave quite differently than the majority. At the time of its first publication, *The Millionaire Next Door* was a groundbreaking examination of America ' s rich—exposing for the first time the seven common qualities that appear over and over among this exclusive demographic. This edition includes a new foreword by Dr. Thomas J. Stanley—updating the original content in the context of the financial crash and the twenty-first century. " Their surprising results reveal fundamental qualities of this group that are diametrically opposed to today ' s earn-and-consume culture. " —Library Journal

Popular Mechanics

On September 20, 1998, Jose Vigoa, a child of Fidel Castro ' s revolution, launched what would be the most audacious and ruthless series of high-profile casino and armored car robberies that Las Vegas had ever seen. In a brazen sixteen-month reign of terror, he and his crew would hit the cr è me de la cr è me of Vegas hotels: the MGM, the Desert Inn, the New York—New York, the Mandalay Bay, and the Bellagio. The robberies were well planned and executed, and the police – “ the stupids, ” as Vigoa contemptuously referred to them – were all but helpless to stop them. But Lt. John Alamshaw, the twenty-three-year veteran in charge of robbery detectives, was not giving up so easily. For him, Vigoa ' s rampage was a personal affront. And he would do whatever it took, even risk his badge, to bring Vigoa down.

Standard Catalog of Imported Cars, 1946-1990

Volume One traces the history of Opel and Vauxhall separately from inception through to the 1970s and thereafter collectively to 2015. Special attention is devoted to examining innovative engineering features and the role Opel has taken of providing global platforms for GM. Each

model is examined individually and supplemented by exhaustive supporting specification tables. The fascinating history of Saab and Lotus begins with their humble beginnings and examines each model in detail and looks at why these unusual marques came under the GM Banner. Included is a penetrating review of Saab through to its unfortunate demise. Volume Two examines unique models and variations of Chevrolet and Buick manufactured in the Southern Hemisphere and Asia but never offered in North America. Daewoo, Wuling and Baojun are other Asian brands covered in detail. This volume concludes with recording the remarkable early success of Holden and its continued independence through to today. Volume Three covers the smaller assembly operations around the world and the evolution of GM ' s export operations. A brief history of Isuzu, Subaru and Suzuki looks at the three minority interests GM held in Asia. The GM North American model specifications are the most comprehensive to be found in a single book. Global and regional sales statistics are included. GM executives and management from around the globe are listed with the roles they held. An index ensures that these volumes serve as the ideal reference source on GM.
