and updated Forty-eight percent

of U.S. households perform at

least some automobile

maintenance on their own, with

women now accounting for one

third of this \$34 billion

automotive do-it-yourself market.

For new or would-be do-it-

yourself mechanics, this

illustrated how-to guide has long

been a must and now it's even

better. A complete reorganization

now puts relevant repair and

maintenance information directly

after each automotive system overview, making it much easier to find hands-on fix-it instructions. Author Deanna Sclar has updated systems and repair information throughout, eliminating discussions of carburetors and adding coverage of hybrid and alternative fuel vehicles. She's also revised schedules for tune-ups and oil changes, included driving tips that can save on maintenance and repair costs, and added new advice on troubleshooting problems and determining when to call in a professional mechanic. For anyone who wants to save money on car repairs and maintenance, this book is the place to start. Deanna Sclar (Long Beach, CA), an acclaimed auto repair expert and consumer advocate, has contributed to the Los Angeles Times and has been interviewed on the Today show, NBC Nightly News, and other television programs.
