Most renewable energy systems aren't new, but their use is. This handbook shows how each of the main renewable energy technologies works, along with step-by-step details of how it's installed, as well as the pros and – at least as importantly – the cons of each type of installation.

The Volkswagen Bus Book Veloce Publishing Ltd

The 924 Carrera was a homologation model built to qualify the 924 model to race in Group 4. One of the great supercars of the 1980s, the 924 Carrera was considered by many to have better handling characteristics than Porsche's flagship 911. The book features interviews with many of those involved with the car at the time together with race stories, statistics, and a unique exposé of component failures during racing.

The Porsche 924 Carrera Veloce Publishing Ltd

Hans Ledwinka's innovative Tatra cars were models of design excellence, and were highly influential in shaping modern car design concepts and the development of the Volkswagen. This book places Ledwinka in his well-deserved place amongst the great car designers. This enlarged 2nd edition contains updated material and additional illustrations.
