Road & Track Consumer Reports New Car Buying Guide 2002 Provides reviews and ratings of new cars, along with details on safety features and the results of crash testing. 1999 Manual Changes A Practical Guide to UNIX for Mac OS X Users The automobile sector is one of the most archetypal global industries and is seen by many as one of the main drivers behind the homogenisation of world markets due to firms' internationalization strategies and the social practices that firms impose. This book argues that this is not entirely the case due to the heterogeneity of firms and the diversity of strategies pursued. It highlights the diversity and forms of internationalization and the preference for regionalization rather than globalization that has occurred over the past decade. This book looks specifically at the American and Asian car industry.
