Common Core English Language Arts in a PLC at Work®, Grades K-2 Highlights Press

"The start of first grade is a time for dusting off the skills and habits that children learned during kindergarten. In the first unit, Building Good Reading Habits, you'll reinforce children's learning from kindergarten, and you'll establish ability-based partnerships that tap into the social power of peers working together to help each other become more strategic as readers. The second unit, Learning About the World: Reading Nonfiction, taps into children's natural curiosity as they explore nonfiction, while you teach comprehension strategies, word solving, vocabulary, fluency, and author's craft. The third unit, Readers Have Big Jobs to Do: Fluency, Phonics, and Comprehension, focuses on the reading process to set children up to read increasingly complex texts. The last unit of first grade, Meeting Characters and Learning Lessons: A Study of Story Elements, spotlights story elements and the skills that are foundational to literal and inferential comprehension, including empathy, imagination, envisioning, prediction, character study, and interpretation"--provided by publisher.

We know that literacy is the key to learning in school, yet millions of middle and high school students lack the literacy skills they need to succeed. What can educators do? In *Creating Literacy-Rich Schools for Adolescents*, authors Gay Ivey and Douglas Fisher make a compelling case that all teachers--across the content areas--have a role to play in students' development of literacy, which they define as reading, writing, speaking, listening, and viewing. Rather than focusing solely on reading instruction and the cliché that says "all teachers are teachers of reading," they urge teachers to incorporate rich literacy-based learning experiences into their classrooms, with the goal of helping students to learn and think across the curriculum. With research-based findings, engaging examples, and extensive lists of resources, Ivey and Fisher encourage readers to \* Reexamine the materials, experiences, and expectations of the English/language arts classroom; \* Use strategies to improve literacy in all the content areas and seek alternatives to the traditional textbook; \* Make independent reading an important part of students' ongoing literacy development; \* Design and use interventions that really work for struggling students; and \* Consider the schoolwide elements--professional development, peer coaching, leadership, and assessment--that should be in place to support teachers and students. Essential questions provide the focus for each chapter, and Quality Indicators for Secondary Literacy help readers gauge where they are on the continuum of providing a meaningful literacy experience for students. *Creating Literacy-Rich Schools for Adolescents* will inspire educators to take up this challenge in their own school with new confidence that the work is worthwhile and achievable. A young girl hopes to find her mother as she rides an Orphan Train to find a new life out west in "this finely crafted, heart-wrenching story" (Publishers Weekly, starred review). Marianne, heading west with fourteen other children on an Orphan Train, is sure her mother will show up at one of the stations along the way. When her mother left Marianne at the orphanage, hadn't she promised she'd come for her after making a new life in the West? Stop after stop goes by, and there's no sign of her mother in the crowds that come to look over the children. No one shows any interest in adopting shy, plain Marianne, either. But that's all right: She has to be free for her mother to claim her. Then the train pulls into its final stop, a town called Somewhere . . . From the New York Times bestselling creators of *Click, Clack, Moo*, comes an entertaining introduction to politics. My fellow Americans: It is our pleasure, our honor, our duty as citizens to present to you Duck for President. Here is a duck who began in a humble pond. Who worked his way to farmer. To governor. And now, perhaps, to the highest office in the land. Some say, if he walks like a duck and talks like a duck, he is a duck. We say, if he walks like a duck and talks like a duck, he will be the next president of the United States of America. Thank you for your vote.

In *Writers Are Readers*, the mutually supportive roles of reading and writing are made visible through the idea of "flipsides;" how a reader's insights can be turned around to provide insights into his own writing, and vice versa. Lester and Reba's trademark engaging style is woven throughout chapters full of sample lessons, student writing samples, and recommended texts for maximizing the flipped concept across the year. "Leading the student to understand what he did as a reader can become a lens that brings into focus what the writer had to do before a reader ever saw the page," they write. Discover fresh new ways to turn reading strategies into writing opportunities that your students will be excited about and deeply understand.
