101 Narrative Writing Prompts for 1st Graders That Help Them Develop Strong Writing Skills - Writing Prompts for Kids Harper Collins

The untold story of the root cause of America's education crisis--and the seemingly endless cycle of multigenerational poverty. It was only after years within the education reform movement that Natalie Wexler stumbled across a hidden explanation for our country's frustrating lack of progress when it comes to providing every child with a quality education. The problem wasn't one of the usual scapegoats: lazy teachers, shoddy facilities, lack of accountability. It was something no one was talking about: the elementary school curriculum's intense focus on decontextualized reading comprehension "skills" at the expense of actual knowledge. In the tradition of Dale Russakoff's *The Prize* and Dana Goldstein's *The Teacher Wars*, Wexler brings together history, research, and compelling characters to pull back the curtain on this fundamental flaw in our education system--one that fellow reformers, journalists, and policymakers have long overlooked, and of which the general public, including many parents, remains unaware. But *The Knowledge Gap* isn't just a story of what schools have gotten so wrong--it also follows innovative educators who are in the process of shedding their deeply ingrained habits, and describes the rewards that have come along: students who are not only excited to learn but are also acquiring the knowledge and vocabulary that will enable them to succeed. If we truly want to fix our education system and unlock the potential of our neediest children, we have no choice but to pay attention.

Grade Writing Journal can be used in conjunction with ready-made story-starters. It can be used daily by student writers to record their daily activities, adventures, and imaginative thoughts. Journals can help students clarify their thoughts. Taking time to jot down feelings and thoughts about daily events can give young writers an opportunity to discover what they think and how they feel about different topics. Writing in a journal is comfortable for beginning writers because it is a casual and informal process. It isn't structured or graded. Students are allowed to free-write and become immersed in expression. Students should be allowed to write about different topics, which will give them the opportunity to improve their writing skills while exploring their thoughts without being chastised for grammar, usage, or other errors. Let this journal be an "idea book"--a place where the student is free to "think" in writing.

As she searches for answers, Grace makes discoveries about the secret her family hid for generations and a world of magic hidden in her own backyard.
