Popular Science Old Car Auction Bible
Volume One traces the history of Opel and Vauxhall separately from inception through to the 1970s and thereafter collectively to 2015. Special attention is devoted to examining innovative engineering features and the role Opel has taken of providing global platforms for GM. Each model is examined individually and supplemented by exhaustive supporting specification tables. The fascinating history of Saab and Lotus begins with their humble beginnings and examines each model in detail and looks at why these unusual marques came under the GM Banner. Included is a penetrating review of Saab through to its unfortunate demise. Volume Two examines unique models and variations of Chevrolet and Buick manufactured in the Southern Hemisphere and Asia but never offered in North America. Daewoo, Wuling and Baojun are other Asian brands covered in detail. This volume concludes with recording the remarkable early success of Holden and its continued independence through to today. Volume Three covers the smaller assembly operations around the world and the evolution of GM's export operations. A brief history of Isuzu, Subaru and Suzuki looks at the three minority interests GM held in Asia. The GM North American model specifications are the most comprehensive to be found in a single book. Global and regional sales statistics are included. GM executives and management from around the globe are listed with the roles they held. An index ensures that these volumes serve as the ideal reference source on GM.
Muscle Copyright Office, Library of Congress
DIVOn the 1957 auto show circuit, Chevrolet unveiled a show car based on its Corvette and dubbed it the â €œSuper Sport. â €? The performance car world took one look and never looked back. A combination of styling and performance upgrades, the SS package could turn something as mundane as a six-cylinder Malibu into the fire-breathing Chevelle SS396. This book traces the long line of legendary SS models, from Chevy â €™s Super Sport version of its popular Impala, which marked the dawn of the muscle car era, to today â €™s Impala SS. Featuring the work of acclaimed photo ace David Newhardt, Chevy SS: The Super Sport Story provides a close-up, detailed, full-color look at such classic muscle cars as the Chevelle, the El Camino, the Malibu, and the Monte Carlo as well as today's hot Camaro SS. The book is a fittingly elegant celebration of the cars that redefined â €œhigh performance â €? and defined an

era./div

With the escape of the captured Shepherd, Special Agent Jack Randall of the FBI finds himself and his case back to square one. Called back to DC to face the music, he instead chooses to visit Florida and the scene of the latest Shepherd's target. Getting there was easy, but getting out is something totally different. When desperate people fleeing the path of a major hurricane chose to do so through the tiny border town of Homeland, Florida, it brings trouble the town is not prepared for. Jack, and his partner Sydney Lewis, only want to get home to DC and pursue their case against the vigilante group known as the Twelve Shepherds. The shortcut looked like a good idea. A few cars ahead of them are four men who had the same thought, but with very different goals. Armed to the teeth and carrying 50 keys of cocaine destined for the east coast, the four men find themselves caught between the FBI and a pair of small town deputies. Cut off from the outside world by the storm and a washed-out bridge, Jack must team up with the young policemen to save the town from the four violent killers. One of which is someone he did not expect. Revolution is the eighth novel in the bestselling Jack Randall series of thrillers.
