Using three example boats representing three cruising lifestyles—Simplicity, Moderation, and Highlife—Beth Leonard helps make your bluewater dreams come true, whether you're sailing on a shoestring or a CEO's pension. This book, I have written, has helped to release all the tension I had with the obstacles I met along with the raising of this family. With the farm life and the large family, including a son with birth defects and Down ' s syndrome, life was strenuous. Years of struggling to keep the family well and happy. With the help of good doctors and surgeons, in Bobby ' s case, we have seen that it can be done. I was always trusting God in each incidence. It is my hope that this book will prove to be an inspiration to any and all who have the privilege of reading it.

While drawing in class to avoid listening to a story from his painfully boring teacher at Stagwood School, 12-year old Cal sees a frog staring at him through the window. Odder than that is the fact that this frog happens to be wearing glasses. Cal and his best friend, the tactless but loyal Soy, learn that the frog (who prefers the name Deli) has sought them out for a reason. When a school administrator named Ream reveals himself to be a dragon, the boys discover that fairytales are real, and that there is magic afoot in Stagwood. With Ream on their tail, the trio must unearth a powerful tool protected by riddles and rite (the magic that fuels nightmares) to save the fate of all fairytales past. Their only means of conveyance, Cal's now-flying bed, takes them on a journey beyond the home of the fairies (a cloud floating somewhere over Iceland) to set things right. But, before Cal can defeat Ream and his kidnapped army of fairies, he has to deal with Soy's knack for arguing with magical creatures, discover the truth about Deli's identity, and earn his place as the hero of the story. The Guardians of Lore is a middle grade novel that centers around two life-long friends, infusing humor and fantasy-based riddles into a modern fairytale. This is an exceptionally written intriguing piece of work that enthuses and imbues curiosity in young readers to discover the unknown with a spirit of adventure. Ideally, this is a book for children who enjoy folklore, mythical creatures and fairy tales.

When my husband and I started full-time RVing, we knew nothing about RV living. We made it up as we traveled to all fifty states, constantly googling things like "how to RV" and "what is boondocking?" Meanwhile, we flooded the bathroom, took ice cold showers, and got stuck in the mud. Now, we've been full-timing for over five years and we've learned the ins and outs of RVing America. In this guide, I answer all of the most common questions we receive about RV living, from how to choose the right RV to how we get mail on the road, to

how to find free camping. This guide is for anyone exploring the RV lifestyle and looking for RVing books to help make the transition easier. Also, because I want to make sure this book is valuable for you, below you can see a few specific areas of RVing I cover. A few topics I cover in the guide: - How to find great internet on the road - The costs of full-time RVing - Whether or not to tow a car behind your RV - What we do for health insurance while traveling - The best RVing clubs and memberships - Our favorite apps for RVers A few topics I DON'T cover, since I have zero experience in these areas, are: - Traveling with kids and pets - How to downsize to an RV from a house Transitioning to living on the road was the best decision my husband and I could have ever made. RVing has improved our marriage and our life together, and we've seen more of America than we could have ever imagined. While this book isn't about our story or why you should travel, it will be a useful tool as you find yourself asking a million different questions about what it's like living in an RV. Oh, and don't forget to use the #RVlife on Instagram once you start traveling. That's what all the cool kids do.
